Muravieff's Trip Causes Un-easiness In England.

SAW KING AND QUEEN OF SPAIN.

That Country's Resentment Toward the British, Kaiser's Famous Dispatch and France's Ill-Feeling Arouses Suspicions of Interference In Transvaal.

LONDON, Oct. 6.—The mysterious visit of Count Muravieff, the Russian minister of foreign affairs, to San Sebastian, where he saw the queen regent and the king of Spain, and had long conferences with Senor Silvela, the Spanish premier, occupies political minds. From Spain Count Muravieff will go to Paris.

Russia's attitude in the Transvaal matter is common knowledge. Germany is officially neutral, but Emperor William's famous telegram to President Kruger is not forgotten, and this added to France's bitterness since the

COUNT MURAVIEFF.

Fashoda affair and Spain's resentment of England's attitude during the Hispano-American war, sets the people asking what the motives for Count Muravieff's tour are.

The jingo press pooh poohs the idea of European interference, but in the same breath eagerly seizes upon any incident, such as the America's cup races, to insist on the growing Anglo-American friendship.

LONDON, Oct. 6.—Nothing important has developed as to the Transvaal situation. The Daily Telegraph's dispatch announcing that the Boers had invaded Natal and seized Laings Nek now seems to be without foundation. The government has received nothing to justify the report, although such a move on the part of the Boers would naturally cause little surprise.

The British position in Natal was considerably strengthened by the arrival of Indian transports with reinforcements of about 2,500 infantry, cavalry and artillery, all of which will be promptly sent to the front by train, and with their arrival at Glen Cove and Ladysmith today or tomorrow the British advanced camps and lines of communication will be practically safeguarded against the risk of a successful dash across the frontier by the Boers.

The military authorities apparently no longer fear the massing of the Boers along the border, and in fact it has been provided that the Boers shall not make a sudden invasion in the territory. The Natal authorities are rather pleased with this, because they argue the tension of waiting will tell on the Boers' discipline, and, moreover, they will soon exhaust what little forage there is near the border and be compelled to fall back on their base, because in view of the defective commissariat they are unwilling to advance into Natal leaving behind them a forageless veldt.

Advices from Johannesburg report that Kaffirs are raiding the business places and houses in East Rand. The whites have fired on them. A special force of police has been dispatched to disperse the raiders.

A special dispatch from Pretoria says that President Kruger expressed himself strongly at being prevented by the executive from going to the front. He is reported to have said:

"Some people say I am the cause of the present trouble, and I want to take

my share of it, along with my people."

The same dispatch announces that Commandant General Joubert's wife has started to join her husband on the border.

Heavy rains have fallen and the Sand-spruit river is flooded.

The Cape Town correspondent of The Daily Chronicle furnishes little further light upon the obscurity of the movements of Mr. Hofmeyr, the Afrikan leader. The correspondent admits that the report of a conference between Mr. Hofmeyr and Sir Alfred Milner on Tuesday and the departure of Mr. Hofmeyr was premature, but says the conference actually occurred on Wednesday and it is believed that no direct result was attained.

A PLEA FOR ARBITRATION.

Englishman Spoke For a Treaty With United States at Pan-Presbyterian Alliance.

WASHINGTON, Oct. 6.—The Presbyterian Alliance continued its session here with the reading of papers and discussion of the preparation to be made for the Liverpool meeting next year. It was generally agreed that the alliance wanted fewer long, heavy papers and more time for the discussion of live practical topics. The various suggestions were referred to the program committee for the next meeting.

There was a talk on "Mission Work In the Transvaal" by Rev. P. C. J. Meiring of Johannesburg and a paper on "Divorce" by Rev. Prof. A. M. McClellan of Allegheny City. Dr. Meiring said the Transvaal had not been able in its earlier history to do much mission work, but in the increase in wealth and population it was undertaking the civilization of the wild tribes and now had 75 workers among the Kaffirs and other tribes.

After the reading of Prof. McClellan's paper on "Marriage and Divorce," Rev. Cyrus Cort offered a strong resolution against sanctioning of divorce on any but "Scriptural grounds." The resolution went to the business committee.

In a discussion on arbitration Samuel Smith, an English member of parliament, made an earnest plea for the conclusion of an arbitration treaty between Great Britain and the United States, and said that he had used his strongest endeavors at home to have the Transvaal dispute submitted to arbitration.

Last night's session was devoted to addresses on work among young people. The speakers were Rev. John Pugh of Cardiff, Wales, and Rev. H. P. Fullerton of St. Louis. Rev. Dr. Steele of Glasgow, Scotland, also spoke on "The Edict of Nantes and the Huguenots."

EX-SENATOR HARLAN DEAD.

Expired at Mt. Pleasant, Iowa—Mrs. Lincoln, His Daughter, at His Bedside.

DES MOINES, Oct. 6.—The death of ex-United States Senator James Harlan occurred at his home in Mount Pleasant, Ia. The end was not unexpected, a collapse having taken place last Sunday. The immediate cause of death was congestion of the lungs, complicated with liver trouble. Overexertion in attending the sessions of the Iowa Methodist conference last week aggravated his maladies and caused prostration.

His daughter, the wife of Hon. Robert T. Lincoln of Chicago, was summoned from New York city and was present at the bedside. No arrangements have been made for the funeral, but it will probably be held in Iowa Wesleyan university chapel, Mt. Pleasant, on Sunday afternoon.

MAJOR HASTINGS DEAD.

The Ex-Governor and Wife Two of Those Present at the Dying Man's Bedside.

PHILADELPHIA, Oct. 6.—Major J. L. Hastings, a brother of ex-Governor Daniel H. Hastings, died in the University hospital from a complication of diseases resulting from wounds received during the Civil war. His wife and daughter and his distinguished brother and Mrs. Hastings were at his bedside when he died.

Major Hastings was born in Clinton county, Pa., Sept. 14, 1841. He enlisted in the Seventh Pennsylvania reserves as a private at the outbreak of the war and had a long and honorable record, having participated in many battles.

A PLOT AT MANILLA

Rebels Schemed to Burn Buildings In the City.

ARCHBISHOP INFORMED GEN. OTIS.

Display of Force Possibly Scared Conspirators—Gunboat Wheeling Bombed a Town—Aguinaldo Rumored to Have Ordered Soldiers to Farms.

MANILA, Oct. 6.—The archbishop of Manila notified General Otis there was a plot on foot to burn the residences of the governor general and the archbishop together with several government buildings and banks, but the plot failed to materialize, possibly because of a display of force.

The first reports regarding the affair at Paranaque seemed to have been much exaggerated. The facts are that a small band of insurgents, following the bay road, poured a volley into the village and later another into Las Pinas with the result that two or three houses were burned. The cracking of the bamboo caused it to be telegraphed to Manila that there had been much shooting.

The United States transport Warren, from San Francisco with 1,200 recruits, arrived.

The United States gunboat Wheeling, from Vancouver March 3 via Honolulu, while passing St. Vincent, in Northern Luzon, shot down a Filipino flag. The Filipinos fired a volley at the Wheeling's men, who were sleeping on deck, and the Wheeling bombarded the setting.

Aguinaldo, according to a report brought to Manila by a Dominican friar from the north, issued orders to the Filipino soldiers in the northern provinces to return to their towns and to resume farming.

This story lacked confirmation, but the rumor may be in accordance with Aguinaldo's policy of keeping the country as productive as possible by using his men in alternate shifts on the farms or under arms.

Dagupan, San Fernando and Delicinct, which are under the guns of the United States warships, are supposed to be evacuated. It is alleged that the evacuation order calls upon the male inhabitants to be orderly in case of the arrival of American troops and expresses the hope that the Americans will protect the towns.

The expedition sent to the Orani river under the command of Captain Cornwell to recover the sunken gunboat Urdaneta returned to Cavite with the hull of the boat, after bombarding Orani and landing a force. Captain Cornwell brought one prisoner. Lieutenant Franklin of the army gunboat Laguna de Bay, guided the expedition. There were no casualties.

On Monday morning the expedition entered the river and anchored above Orani, near the Urdaneta, the inhabitants of the town simultaneously evacuating it and carrying their belongings with them.

The gunboats bombarded Orani, the beaches and the surrounding country for half an hour, receiving a Mauser volley in reply.

The Urdaneta was towed off the bar about 10 o'clock that evening, the operations of the Americans being unmonitored.

The following morning the bombardment was renewed to cover a landing of 180 blue jackets and marines about a half mile above the town. On entering Orani the Americans experienced a slight rifle fire from the Filipino trenches. They found the town untenanted and that the shells had ignited a few huts.

VESSELS TO THE PHILIPPINES.

New Orleans and Other Ships to Go Instead of Gunboats.

WASHINGTON, Oct. 6.—The navy department was busily engaged in arranging to reinforce the fleet in the Philippines as suggested by Admiral Dewey in the course of his conference with the president. It was found that the plan conceived of sending the Marietta and Machias with the Brooklyn would have to be modified so as to drop the two gunboats.

The New Orleans was telegraphed to proceed at once to the New York navy yard to have some changes made. The ship may start on her voyage for Manila in about six days. The Brooklyn will be turned back from Hampton

Roads as soon as she comes within signaling distance and sent to New York. She may be ready to sail by the end of next week. A cablegram was sent to the Nashville at San Domingo to proceed at once to Manila via Suez. Orders were also telegraphed to the Badger, at Mare Island, to proceed to the Philippines as soon as possible. No orders have as yet been sent to the Bancroft, at Boston.

It was suggested at the navy department that three of the four vessels will pass through the Suez canal, and so will be available to divert to South Africa should matters there take shape requiring the presence of a United States naval force.

TO OUST MAYOR SWARTZ.

Suit Filed by Attorney General Monnett, Under Garfield Corrupt Practices Election Law.

COLUMBUS, Oct. 6.—Attorney General Monnett filed a suit in the circuit court to oust Mayor Samuel J. Swartz from office for alleged violation of the Garfield law providing against corrupt practices in elections.

The petition alleges that after the election last spring Mr. Swartz filed an incorrect statement of his expenses, that he expended more than the law authorized and that he made promises of office previous to his election, also in violation of the law, to a large number of persons. Mayor Swartz will fight the ouster proceedings.

FARQUHAR TO TAKE COMMAND.

North Atlantic Squadron Left For Hampton Roads.

NEW YORK, Oct. 6.—The North Atlantic squadron left here for Hampton Roads. Rear Admiral Sampson is to

REAR ADMIRAL FARQUHAR.

haul down his flag there and Rear Admiral Farquhar is to take command.

Appointed to Represent Transvaal.

NEW YORK, Oct. 6.—General James O'Brien made the announcement that he had been appointed commissioner extraordinary in the United States for the Transvaal by President Kruger. The appointment was made two days ago by a cablegram sent to the Rev. Dr. Bosman, Kruger's personal friend and adviser, who was in this country attending the Pan-Presbyterian conference at Washington.

Chairman Jones Expected Today.

NEW YORK, Oct. 6.—Senator James K. Jones, chairman of the Democratic national committee, will arrive at this port on the steamer Umbria today. He will be met at the wharf by George Fred Williams, W. J. Abbott, Dr. Gardner and other gentlemen representing the Chicago platform Democrats, as well as by a delegation from the Democratic club of New York city.

Yellow Fever Situation Improved.

WASHINGTON, Oct. 6.—Colonel Merry, United States minister at Costa Rica, writes the state department from San Jose that the yellow fever which prevailed at Alajuela is under control and no new cases are developing. There have been 60 cases and 21 deaths, nearly all among the poorer classes. The ports of Limon and Punta Arenas are also free from disease.

Mrs. Lydia W. Holliday Dead.

WHEELING, Oct. 6.—Mrs. Lydia W. Holliday, aged 97, and known as "mother" Holliday, died here. She was the mother of Colonel J. W. Holliday of the Fifteenth West Virginia infantry. She maintained hospitals and was so active in the relief of disabled soldiers that her name gained prominence throughout the Union forces.

CROWDS AT THE TOWNS ENROUTE.

Large Gatherings at Fort Wayne, Peru, Logansport and Lafayette—Biggest Crowds In Ohio Were at Tiffin and Fostoria—Conference With Hanna.

QUINCY, Ills., Oct. 6.—President McKinley made a speech at the Soldiers' home here to-day.

At Pittsburg President McKinley and Senator Hanna had a brief conference. DEFiance, O., Oct. 6.—At Chicago Junction a great number of school children were collected at the depot, waving flags and cheering for the president. At every station the crowd loudly cheered for a speech, but the president skillfully evaded these requests by bringing forward and introducing successively members of the cabinet, each of whom was invariably greeted with much applause. The first day of the trip passed contrary to expectations, without an address or speech of any kind.

The largest crowds of the day were at Tiffin and Fostoria. Over an hour's time was lost at Akron, in switching the train from the tracks of the Cleveland Terminal and Valley railroad to those of the Baltimore and Ohio, but by fast running this was made up so that by nightfall the special was again on schedule time. At Defiance the train was transferred to the Wabash. The entire trip from Washington to the Dakotas and return is given on the itinerary as covering 5,009 miles. The tracks of 16 different railroads will be utilized in covering up this distance.

LAFAYETTE, Oct. 6.—Although the presidential train crossed the Indiana line after dark, and despite the fact that word had been telegraphed ahead to the effect that no stops of any considerable length would be made; yet large crowds had assembled at Fort Wayne, Peru, Logansport and Lafayette. The president invariably declined to favor the people with speeches, but willingly shook hands with as many as he could reach, and in most cases presented to them the members of the cabinet. The crowds were invariably enthusiastic and hearty in their greeting, and at most of the stops bands were stationed to play, "Hail to the Chief" as the train pulled in.

Just before leaving Peru the train was, by some mistake, backed a few feet into the crowd. As the people hurried out of its way someone laughingly said: "Here, that won't do; no backing down."

"No," answered a voice from the outskirts of the crowd, "and there won't be any backing down in the Philippines either." This appeared to touch the popular cord, as it brought forth much cheering from the crowd.

Hawson's Honorable Naval Career.

WASHINGTON, Oct. 4.—Rear Admiral Henry L. Hawson, who was detached from command of the South Atlantic station on the 5th inst., made an official visit to the navy department. He has concluded an active and honorable career in the navy extending over a period of 45 years. He will retire for age next Wednesday and will make his temporary residence in New York city.

Dead Man at Dawson City Identified.

WASHINGTON, Oct. 6.—The United States consul at Dawson City, Northwest Territory, has reported to the department of state that William H. Sutton, who died at Dawson City last spring, has been identified by the attorneys of the young man's family, who live in Minnesota.

Shooting of a Boy Ends in Murder.

WASHINGTON, Pa., Oct. 6.—Emmet McCahill, the 14-year-old boy who was shot in the hip by someone on a freight train near Monongahela, died. Some boys had thrown gravel at the train and someone, whether a bum or a trainman, fired into the crowd. McCahill had not been throwing.

SURE Sirbaugh Is Guilty.

CUMBERLAND, Md., Oct. 6.—The authorities are now certain that Frank Sirbaugh, the one-legged ex-convict in jail at Martinsburg, W. Va., was one of the principals in the robbery and murder of Absalom Kesler and his niece, Ann Doman, near Paw Paw, ten days ago.

The military authorities apparently no longer fear the massing of the Boers along the border, and in fact it has been provided that the Boers shall not make a sudden invasion in the territory. The Natal authorities are rather pleased with this, because they argue the tension of waiting will tell on the Boers' discipline, and, moreover, they will soon exhaust what little forage there is near the border and be compelled to fall back on their base, because in view of the defective commissariat they are unwilling to advance into Natal leaving behind them a forage field.

Advices from Johannesburg report that Kaffirs are raiding the business places and houses in East Rand. The whites have fired on them. A special force of police has been dispatched to disperse the raiders.

A special dispatch from Pretoria says that President Kruger expressed himself strongly at being prevented by the executive from going to the front. He is reported to have said:

"Some people say I am the cause of the present trouble, and I want to take

my share of it, going with my people."

The same dispatch announces that Commandant General Joubert's wife has started to join her husband on the border.

Heavy rains have fallen and the Sand-spruit river is flooded.

The Cape Town correspondent of The Daily Chronicle furnishes little further light upon the obscurity of the movements of Mr. Hofmeyr, the Afrikaner leader. The correspondent admits that the report of a conference between Mr. Hofmeyr and Sir Alfred Milner on Tuesday and the departure of Mr. Hofmeyr was premature, but says the conference actually occurred on Wednesday and it is believed that no direct result was attained.

A PLEA FOR ARBITRATION.

Englishman Spoke For a Treaty With United States at Pan-Presbyterian Alliance.

WASHINGTON, Oct. 6.—The Presbyterian Alliance continued its session here with the reading of papers and discussion of the preparation to be made for the Liverpool meeting next year. It was generally agreed that the alliance wanted fewer long, heavy papers and more time for the discussion of live practical topics. The various suggestions were referred to the program committee for the next meeting.

There was a talk on "Mission Work In the Transvaal" by Rev. P. C. J. Meiring of Johannesburg and a paper on "Divorce" by Rev. Prof. A. M. McClellan of Allegheny City. Dr. Meiring said the Transvaal had not been able in its earlier history to do much mission work, but in the increase in wealth and population it was undertaking the civilization of the wild tribes and now had 70 workers among the Kaffirs and other tribes.

After the reading of Prof. McClellan's paper on "Marriage and Divorce," Rev. Cyrus Cort offered a strong resolution against sanctioning of divorce on any but "Scriptural grounds." The resolution went to the business committee.

In a discussion on arbitration Samuel Smith, an English member of parliament, made an earnest plea for the conclusion of an arbitration treaty between Great Britain and the United States, and said that he had used his strongest endeavors at home to have the Transvaal dispute submitted to arbitration.

Last night's session was devoted to addresses on work among young people.

The speakers were Rev. John Pugh of Cardiff, Wales, and Rev. H. P. Fullerton of St. Louis. Rev. Dr. Steele of Glasgow, Scotland, also spoke on "The Edict of Nantes and the Huguenots."

EX-SENATOR HARLAN DEAD.

Expired at Mt. Pleasant, Iowa—Mrs. Lincoln, His Daughter, at His Bedside.

DES MOINES, Oct. 6.—The death of ex-United States Senator James Harlan occurred at his home in Mount Pleasant, Ia. The end was not unexpected, a collapse having taken place last Sunday. The immediate cause of death was congestion of the lungs, complicated with liver trouble. Overexertion in attending the sessions of the Iowa Methodist conference last week aggravated his maladies and caused prostration.

His daughter, the wife of Hon. Robert T. Lincoln of Chicago, was summoned from New York city and was present at the bedside. No arrangements have been made for the funeral, but it will probably be held in Iowa Wesleyan university chapel, Mt. Pleasant, on Sunday afternoon.

MAJOR HASTINGS DEAD.

The Ex-Governor and Wife Two of Those Present at the Dying Man's Bedside.

PHILADELPHIA, Oct. 6.—Major J. L. Hastings, a brother of ex-Governor Daniel H. Hastings, died in the University hospital from a complication of diseases resulting from wounds received during the Civil war. His wife and daughter and his distinguished brother and Mrs. Hastings were at his bedside when he died.

Major Hastings was born in Clinton county, Pa., Sept. 14, 1841. He enlisted in the Seventh Pennsylvania regiment as a private at the outbreak of the war and had a long and honorable record, having participated in many battles.

A PLOT AT MANILLA

Rebels Schemed to Burn Buildings In the City.

ARCHBISHOP INFORMED GEN. OTIS.

Display of Force Possibly Scared Conspirators—Gunboat Wheeling Bombarded a Town—Aguinaldo Rumored to Have Ordered Soldiers to Farms.

MANILA, Oct. 6.—The archbishop of Manila notified General Otis there was a plot on foot to burn the residences of the governor general and the archbishop together with several government buildings and banks, but the plot failed to materialize, possibly because of a display of force.

The first reports regarding the affair at Paranaque seemed to have been much exaggerated. The facts are that a small band of insurgents, following the bay road, poured a volley into the village and later another into Las Pinas with the result that two or three houses were burned. The cracking of the bamboo caused it to be telegraphed to Manila that there had been much shooting.

The United States transport Warren, from San Francisco with 1,200 recruits, arrived.

The United States gunboat Wheeling, from Vancouver March 3 via Honolulu, while passing St. Vincent, in Northern Luzon, shot down a Filipino flag. The Filipinos fired a volley at the Wheeling's men, who were sleeping on deck, and the Wheeling bombarded the settlement.

Aguinaldo, according to a report brought to Manila by a Dominican friar from the north, issued orders to the Filipino soldiers in the northern provinces to return to their towns and to resume farming.

This story lacked confirmation, but the rumor may be in accordance with Aguinaldo's policy of keeping the country as productive as possible by using his men in alternate shifts on the farms or under arms.

Dagupan, San Fernando and Delicinict, which are under the guns of the United States warships, are supposed to be evacuated. It is alleged that the evacuation order calls upon the male inhabitants to be orderly in case of the arrival of American troops and expresses the hope that the Americans will protect the towns.

The expedition sent to the Orani river under the command of Captain Cornwall to recover the sunken gunboat Urdaneta returned to Cavite with the hull of the boat, after bombarding Orani and landing a force. Captain Cornwall brought one prisoner. Lieutenant Franklin of the army gunboat Laguna de Bay, guided the expedition. There were no casualties.

On Monday morning the expedition entered the river and anchored above Orani, near the Urdaneta, the inhabitants of the town simultaneously evacuating it and carrying their belongings with them.

The gunboats bombarded Orani, the beaches and the surrounding country for half an hour, receiving a Mauser volley in reply.

The Urdaneta was towed off the bar about 10 o'clock that evening, the operations of the Americans being unmonitored.

The following morning the bombardment was renewed to cover a landing of 180 blue jackets and marines about a half mile above the town. On entering Orani the Americans experienced a slight rifle fire from the Filipino trenches. They found the town untenanted and that the shells had ignited a few huts.

VESSELS TO THE PHILIPPINES.

New Orleans and Other Ships to Go Instead of Gunboats.

WASHINGTON, Oct. 6.—The navy department was busily engaged in arranging to reinforce the fleet in the Philippines as suggested by Admiral Dewey in the course of his conference with the president. It was found that the plan conceived of sending the Marietta and Machias with the Brooklyn would have to be modified so as to drop the two gunboats.

The New Orleans was telegraphed to proceed at once to the New York navy yard to have some changes made. The ship may start on her voyage for Manila in about six days. The Brooklyn will be turned back from Hampton

Roads as soon as she comes within signaling distance and sent to New York. She may be ready to sail by the end of next week. A cablegram was sent to the Nashville at San Domingo to proceed at once to Manila via Suez. Orders were also telegraphed to the Badger, at Mare Island, to proceed to the Philippines as soon as possible. No orders have as yet been sent to the Bancroft, at Boston.

It was suggested at the navy department that three of the four vessels will pass through the Suez canal, and so will be available to divert to South Africa should matters there take shape requiring the presence of a United States naval force.

TO OUST MAYOR SWARTZ.

Suit Filed by Attorney General Monnett, Under Garfield Corrupt Practices Election Law.

COLUMBUS, Oct. 6.—Attorney General Monnett filed a suit in the circuit court to oust Mayor Samuel J. Swartz from office for alleged violation of the Garfield law providing against corrupt practices in elections.

The petition alleges that after the election last spring Mr. Swartz filed an incorrect statement of his expenses, that he expended more than the law authorized and that he made promises of office previous to his election, also in violation of the law, to a large number of persons. Mayor Swartz will fight the ouster proceedings.

FARQUHAR TO TAKE COMMAND.

North Atlantic Squadron Left For Hampton Roads.

NEW YORK, Oct. 6.—The North Atlantic squadron left here for Hampton Roads. Rear Admiral Sampson is to

haul down his flag there and Rear Admiral Farquhar is to take command.

Appointed to Represent Transvaal.

NEW YORK, Oct. 6.—General James O'Birne made the announcement that he had been appointed commissioner extraordinary in the United States for the Transvaal by President Kruger. The appointment was made two days ago by a cablegram sent to the Rev. Dr. Bosman, Kruger's personal friend and adviser, who was in this country attending the Pan-Presbyterian conference at Washington.

Chairman Jones Expected Today.

NEW YORK, Oct. 6.—Senator James K. Jones, chairman of the Democratic national committee, will arrive at this port on the steamer Umbria today. He will be met at the wharf by George Fred Williams, W. J. Abbott, Dr. Gardner and other gentlemen representing the Chicago platform Democrats, as well as by a delegation from the Democratic club of New York city.

Yellow Fever Situation Improved.

WASHINGTON, Oct. 6.—Colonel Merry, United States minister at Costa Rica, writes the state department from San Jose that the yellow fever which prevailed at Alajuela is under control and no new cases are developing. There have been 60 cases and 21 deaths, nearly all among the poorer classes. The ports of Limon and Punta Arenas are also free from disease.

Mrs. Lydia W. Holliday Dead.

WHEELING, Oct. 6.—Mrs. Lydia W. Holliday, aged 97, and known as "Mother" Holliday, died here. She was the mother of Colonel J. W. Holliday of the Fifteenth West Virginia infantry. She maintained hospitals and was so active in the relief of disabled soldiers that her name gained prominence throughout the Union forces.

AT A SOLDIER'S HOME

The President Spoke at Quincy, Ills., Today.

CROWDS AT THE TOWNS ENROUTE.

Large Gatherings at Fort Wayne, Peru, Logansport and Lafayette—Biggest Crowds in Ohio Were at Tiffin and Fostoria—Conference With Hanna.

QUINCY, Ills., Oct. 6.—President McKinley made a speech at the Soldiers' home here to-day.

At Pittsburg President McKinley and Senator Hanna had a brief conference.

DEFIANCE, O., Oct. 6.—At Chicago Junction a great number of school children were collected at the depot, waving flags and cheering for the president. At every station the crowd loudly cheered for a speech, but the president skillfully evaded these requests by bringing forward and introducing successively members of the cabinet, each of whom was invariably greeted with much applause. The first day of the trip passed contrary to expectations, without an address or speech of any kind.

The largest crowds of the day were at Tiffin and Fostoria. Over an hour's time was lost at Akron, in switching the train from the tracks of the Cleveland Terminal and Valley railroad to those of the Baltimore and Ohio, but by fast running this was made up so that by nightfall the special was again on schedule time. At Defiance the train was transferred to the Wabash. The entire trip from Washington to the Dakotas and return is given on the itinerary as covering 5,009 miles. The tracks of 16 different railroads will be utilized in covering up this distance.

LAFAYETTE, Oct. 6.—Although the presidential train crossed the Indiana line after dark, and despite the fact that word had been telegraphed ahead to the effect that no stops of any considerable length would be made; yet large crowds had assembled at Fort Wayne, Peru, Logansport and Lafayette. The president invariably declined to favor the people with speeches, but willingly shook hands with as many as he could reach, and in most cases presented to them the members of the cabinet. The crowds were invariably enthusiastic and hearty in their greeting, and at most of the stops bands were stationed to play, "Hail to the Chief" as the train pulled in.

Just before leaving Peru the train was, by some mistake, backed a few feet into the crowd. As the people hurried out of its way someone laughingly said: "Here, that won't do; no backing down."

"No," answered a voice from the outskirts of the crowd, "and there won't be any backing down in the Philippines either." This appeared to touch the popular cord, as it brought forth much cheering from the crowd.

Howison's Honorable Naval Career.

WASHINGTON, Oct. 4.—Rear Admiral Henry L. Howison, who was detached from command of the South Atlantic station on the 5th inst., made an official visit to the navy department. He has concluded an active and honorable career in the navy extending over a period of 45 years. He will retire for age next Wednesday and will make his temporary residence in New York city.

Dead Man at Dawson City Identified.

WASHINGTON, Oct. 6.—The United States consul at Dawson City, Northwest Territory, has reported to the department of state that William H. Sutton, who died at Dawson City last spring, has been identified by a photograph furnished by the attorneys of the young man's family, who live in Minnesota.

Shooting of a Boy Ends in Murder.

WASHINGTON, Pa., Oct. 6.—Emmet McCaugh, the 14-year-old boy who was shot in the hip by someone on a freight train near Monongahela, died. Some boys had thrown gravel at the train and someone, whether a bum or a trainman, fired into the crowd. McCaugh had not been throwing.

Sure Sirbaugh Is Guilty.

CUMBERLAND, Md., Oct. 6.—The authorities are now certain that Frank Sirbaugh, the one-legged ex-convict in jail at Martinsburg, W. Va., was one of the principals in the robbery and murder of Absalom Kesler and his niece, Ann Doman, near Paw Paw, ten days ago.

NEW MODE OF REVIVALS

Second M. E. Church Arranging For a Novel Service.

DEACONSES WILL BE HERE

And Hold Services In Every House—All Carpenter Work at the Laughlin Pottery Completed but the Office—News of the Suburb.

In January the members of the Second M. E. church will hold a novel series of revival services. Premature arrangements are now being made for the occasion, but the entire program will not be completed for several months. The following is an outline of the work in view:

In Cleveland the Methodist Episcopal conference supports a deaconess' home, and the members of this institution are noted far and wide for their religious work. It is the intention of the Second church to bring several of these women from Cleveland and have them hold services in the East End. The women can be distinguished from others by their peculiar garb. They wear a bonnet similar to that worn by Quakers and these are tied with white strings. It is the intention to start the work in this part of the city about January 15.

AMONG THE SICK.

Numerous East Enders Are Now Under the Physician's Care.

The number of sick persons in East End is greater now than for several weeks past. Clarence, the small son of Mr. and Mrs. Ted Owens, is very ill, while the son of William Heckathorne, of Pennsylvania avenue, is suffering with inflammation of the stomach. For the first time in 10 months Lincoln Harcker was able to eat his meals at the table on Thursday. He is also able to go out and physicians say his entire recovery is but a matter of a short time. Mrs. Frank Marshall is also mentioned among the sick.

NUT HUNTING.

Children Enjoy a Few Hours Ramble In the Woods.

Miss Lu Hanley, one of the teachers in the East End school, after school dismissed yesterday afternoon took her scholars out in the woods back of East End where they spent several hours hunting nuts. Each scholar had a basket and as they went out Pennsylvania avenue they seemed as if they were going to their homes in the country after being in school all day.

NEXT MONDAY,

If Teamsters Can Be Secured, Excavating Will Be Commenced.

Contractor Harvey McHenry stated yesterday that excavating for the new school would be commenced next Monday, provided a sufficient number of teamsters could be secured. The work would have been started this week, but no teamsters could be secured.

Personal.

Mr. Cable, father of Mrs. N. J. Orr, arrived in East End yesterday from a visit with Columbus friends. He will leave soon for his home in Pennsylvania.

Mrs. Annie Irwin, of Beaver, is a guest at the home of Mr. and Mrs. Robert Finley, of St. George street.

Almost Completed.

The new Laughlin pottery is almost completed, and many of the carpenters who were working on the plant have been taken away and placed on other jobs. Contractor McHenry states that

THE EAST END.

NEW MODE OF REVIVALS

Second M. E. Church Arranging For a Novel Service.

DEACONESES WILL BE HERE

And Hold Services In Every House—All Carpenter Work at the Laughlin Pottery Completed but the Office—News of the Suburb.

In January the members of the Second M. E. church will hold a novel series of revival services. Premature arrangements are now being made for the occasion, but the entire program will not be completed for several months. The following is an outline of the work in view:

In Cleveland the Methodist Episcopal conference supports a deaconess' home, and the members of this institution are noted far and wide for their religious work. It is the intention of the Second church to bring several of these women from Cleveland and have them hold services in the East End. The women can be distinguished from others by their peculiar garb. They wear a bonnet similar to that worn by Quakers and these are tied with white strings. It is the intention to start the work in this part of the city about January 15.

AMONG THE SICK.

Numerous East Enders Are Now Under the Physician's Care.

The number of sick persons in East End is greater now than for several weeks past. Clarence, the small son of Mr. and Mrs. Ted Owens, is very ill, while the son of William Heckathorne, of Pennsylvania avenue, is suffering with inflammation of the stomach. For the first time in 10 months Lincoln Harmer was able to eat his meals at the table on Thursday. He is also able to go out and physicians say his entire recovery is but a matter of a short time. Mrs. Frank Marshall is also mentioned among the sick.

NUT HUNTING.

Children Enjoy a Few Hours Ramble In the Woods.

Miss Lu Hanley, one of the teachers in the East End school, after school dismissed yesterday afternoon took her scholars out in the woods back of East End where they spent several hours hunting nuts. Each scholar had a basket and as they went out Pennsylvania avenue they seemed as if they were going to their homes in the country after being in school all day.

NEXT MONDAY,

If Teamsters Can Be Secured, Excavating Will Be Commenced.

Contractor Harvey McHenry stated yesterday that excavating for the new school would be commenced next Monday, provided a sufficient number of teamsters could be secured. The work would have been started this week, but no teamsters could be secured.

Personal.

Mr. Cable, father of Mrs. N. J. Orr, arrived in East End yesterday from a visit with Columbus friends. He will leave soon for his home in Pennsylvania.

Mrs. Annie Irwin, of Beaver, is a guest at the home of Mr. and Mrs. Robert Finley, of St. George street.

Almost Completed.

The new Laughlin pottery is almost completed, and many of the carpenters who were working on the plant have been taken away and placed on other jobs. Contractor McHenry states that

SOUTH SIDE. MANY NEW OIL WELLS

To Be Put Down In Vicinity of Chester.

TWO WILL BE IN CONGO

County Teachers' Institute Will be Held In Chester Last of October, and Probably Last Two Days—News of Chester and of People About the Grant District.

Next Monday C. A. Heck will commence the drilling on another well on the Mercer farm, back of Chester. Gas is expected to be found, although the drillers have slight hopes of securing oil.

The oil and gas fever has become general throughout the county, and arrangements are now being made by parties to drill a number of wells. Two of these wells will be drilled in Hammonstown or Congo, opposite Wellsville, while the others will be located on the Caleb Grier farm, one near the Allison school, one on the Hamilton farm and one on the Wilhelm farm.

A representative of the Heck company stated this morning that many oil men are of the opinion that the field back of Chester is a good one and will be worked extensively during this winter.

This morning the Heck people sent about 1,000 feet of casing to the Raven Rock field where it will be used in a well that is now being drilled.

AN AGENT.

Thought a Man Will Be Sent to Chester From the Main Line.

It is not yet known who will have the railroad agency at Chester, but the Panhandle people will likely send a man from the main line. It is now said four round trip passenger trains will be run. In other words that the present schedule to Cumberland will be extended to the end of the line.—Cumberland paper.

TEACHERS' INSTITUTE.

Sessions Will Be Held In Chester Last of the Month.

The October meeting of the Hancock county teachers' institute will be held in the Chester chapel during the last of the month. County Superintendent Allison has about completed the program which will last probably two days.

COAL FAMINE CAUSED IT.

Why the Electric Lights Were Not Turned on Until Late Last Evening.

Much complaint was heard last night because the incandescent and arc lights were not turned on until 7 o'clock. The company informs the News Review that the delay in turning on the lights was not due to any fault of theirs, but was caused by the prevailing coal famine. Coal has now been secured and the company hopes the delay will not recur.

THAT FIGHT.

Claimed Lemmons Should Have Been Given the Decision.

A Pittsburgh paper says: "Harry Lemmons was entitled to the decision in his fight with Jack Waldron at Youngstown Tuesday night, but a weak-kneed referee gave the decision to Waldron on a foul. The club has decided to select a referee outside of Youngstown for future contests."

An Interesting Story.

A legal notice is published announcing that Kate Weaver, of East Liverpool, will petition the probate court for the change of her name to Kate McShane. There is said to be an interesting story connected with the matter, the threads of which are difficult to gather.—Buckeye State.

MANY NEW OIL WELLS

To Be Put Down In Vicinity of Chester.

TWO WILL BE IN CONGO

County Teachers' Institute Will be Held In Chester Last of October, and Probably Last Two Days—News of Chester and of People About the Grant District.

Next Monday C. A. Heck will commence the drilling on another well on the Mercer farm, back of Chester. Gas is expected to be found, although the drillers have slight hopes of securing oil.

The oil and gas fever has become general throughout the county, and arrangements are now being made by parties to drill a number of wells. Two of these wells will be drilled in Hammonstown or Congo, opposite Wellsville, while the others will be located on the Caleb Grier farm, one near the Allison school, one on the Hamilton farm and one on the Wilhelm farm. A representative of the Heck company stated this morning that many oil men are of the opinion that the field back of Chester is a good one and will be worked extensively during this winter.

This morning the Heck people sent about 1,000 feet of casing to the Raven Rock field where it will be used in a well that is now being drilled.

AN AGENT.

Thought a Man Will Be Sent to Chester From the Main Line.

It is not yet known who will have the railroad agency at Chester, but the Panhandle people will likely send a man from the main line. It is now said four round trip passenger trains will be run. In other words that the present schedule to Cumberland will be extended to the end of the line.—Cumberland paper.

TEACHERS' INSTITUTE.

Sessions Will Be Held In Chester Last of the Month.

The October meeting of the Hancock county teachers' institute will be held in the Chester chapel during the last of the month. County Superintendent Allison has about completed the program which will last probably two days.

SOUTHSIDE NEWS.

Interesting News Notes About People and Things Across the Ohio.

Down in Cumberland they say John Shrader's new residence, now building at Chester, will be the finest house in the county. The tiling in it will cost \$1,000.

Doctor Russell was a Glasgow visitor today on business.

The street car is not running to Rock Spring owing to some repairs being made on the road.

Many farmers in the Grant district are unable to hire hands to pick their apples, and it is likely a good many apples will go to waste this season.

Mrs. N. Spivey, of Fairview, has left for a visit with her daughter, Mrs. Carothers, at Sistersville.

Dr. J. C. Taggart conducted an interesting service in the Chester chapel last evening.

George Evans has purchased an interest in the Hobbs' barber shop.

EAST LIVERPOOL, O., FRIDAY, OCT. 6.

SALEM has an oyster famine. Probably the result of the bar banquet to-night.

WELLSVILLE police are busy suppressing football on the streets. The next move will be to keep cows off the sidewalks.

THE village of Sebring isn't missing anything. The residents are preparing for a rousing Republican rally there during the campaign.

FOR an inland town there is more interest in the yacht races in East Liverpool than in most cities twice its size outside New York state.

IF the Boers and British keep moving around much more on the Natal frontier they may accidentally run into each other and have to fight.

THE caving in of that coal mine under Salineville has put that village so deeply in the hole that it is doubtful if it can raise \$4,000 for a new water supply.

CHICAGO thinks New York isn't much of a place for a yacht race anyway. If the yachts will race in the Chicago river the Windy city will guarantee all the breeze needed.

THEY evidently had pretty tall potters around Akron in the olden times. Explorers have just unearthed an eight-foot human skeleton and several pieces of ancient pottery in a cave near there.

THE Lisbon Patriot says "The best way to get at the top is to begin at the bottom and then just turn things upside down." This is the best definition of Democratic policy ever put forward by the Patriot.

AS TO TAXATION.

The tax levy in this county, affecting the corporation of East Liverpool, shows some interesting figures. The state tax is 2.84 mills on each dollar all over the county. The county fund tax is 2 mills; the poor fund half a mill; the children's home fund .44; the bridge and road improvement fund, a mill and a half; the building fund, .35; the soldiers' relief fund, .15; the interest and bond redemption fund, .15; the bridge restoration fund, .07; making a total of state and county tax of eight mills. The school district tax is 11.80 mills; the corporation fund or city tax is 12 mills. This makes a total tax of 31.80 mills for the year on every dollar of the valuation in this city.

Here Next Week.

Amongst the many organizations to appear before East Liverpool theater goers this season one of the best and most popular will be the Elmer E. Vance company who produce for the first time at popular prices such well known successes as the "Limited Mail," "Patent Applied For," "The Hidden Hand" and "Queen of the Circus." The two first plays will be favorably remembered and all of the original settings will be used at cheap prices and eight new and elaborate sets of scenery are used to produce the "Hidden Hand and "Queen of the Circus."

EAST LIVERPOOL, O., FRIDAY, OCT. 6.

SALEM has an oyster famine. Probably the result of the bar banquet to-night.

WELLSVILLE police are busy suppressing football on the streets. The next move will be to keep cows off the sidewalks.

THE village of Sebring isn't missing anything. The residents are preparing for a rousing Republican rally there during the campaign.

FOR an inland town there is more interest in the yacht races in East Liverpool than in most cities twice its size outside New York state.

IF the Boers and British keep moving around much more on the Natal frontier they may accidentally run into each other and have to fight.

THE caving in of that coal mine under Salineville has put that village so deeply in the hole that it is doubtful if it can raise \$4,000 for a new water supply.

CHICAGO thinks New York isn't much of a place for a yacht race anyway. If the yachts will race in the Chicago river the Windy city will guarantee all the breeze needed.

THEY evidently had pretty tall potters around Akron in the olden times. Explorers have just unearthed an eight-foot human skeleton and several pieces of ancient pottery in a cave near there.

THE Lisbon Patriot says "The best way to get at the top is to begin at the bottom and then just turn things upside down." This is the best definition of Democratic policy ever put forward by the Patriot.

AS TO TAXATION.

The tax levy in this county, affecting the corporation of East Liverpool, shows some interesting figures. The state tax is 2.84 mills on each dollar all over the county. The county fund tax is 2 mills; the poor fund half a mill; the children's home fund .44; the bridge and road improvement fund, a mill and a half; the building fund, .35; the soldiers' relief fund, .15; the interest and bond redemption fund, .15; the bridge restoration fund, .07; making a total of state and county tax of eight mills. The school district tax is 11.80 mills; the corporation fund or city tax is 12 mills. This makes a total tax of 31.80 mills for the year on every dollar of the valuation in this city.

Here Next Week.

Amongst the many organizations to appear before East Liverpool theater goers this season one of the best and most popular will be the Elmer E. Vance company who produce for the first time at popular prices such well known successes as the "Limited Mail," "Patent Applied For," "The Hidden Hand" and "Queen of the Circus." The two first plays will be favorably remembered and all of the original settings will be used at cheap prices and eight new and elaborate sets of scenery are used to produce the "Hidden Hand" and "Queen of the Circus."

Received, yesterday, 42 nice, nobby, striped suits for 42 nice dressy men. Are you one of them?

THE SAME OLD REPORT

With a Few Trimmings Sent In by the Grand Jury.

THE LIST OF INDICTMENTS

Report Says Lisbon Jail Must Have Something Done to It—Also That Magistrates Do Not Exercise Sufficient Care in Sending Up Cases for Their Consideration.

LISBON, Oct. 6.—[Special]—The grand jury made their report at 11:30 o'clock, and in their report of the condition of the county jail they commended Sheriff Gill and his assistants for their care, but deem the jail inadequate to accommodate the growing criminal population. They also think the jail is unhealthy and extremely dangerous to the health of Sheriff Gill and the prisoners.

The following is a report on questions which do not usually come before grand juries. The report is as follows:

"We recommend the commissioners of the county to take immediate steps to make the jail more secure as recent attempts at jail delivery have demonstrated the necessity of prompt action.

"We have considered a number of cases of petty criminal matters which we unanimously believe should not be passed on by this body. This has been done at considerable expense. We recommend that justices and mayors scrutinize these unimportant cases with more care and dispose of more of them in their own courts, as we believe they should do by hearing the evidence of the state even when the defense waives a hearing and consents to be bound over. We have had 88 cases presented for our consideration, found 74 indictments and ignored 14 and examined 146 witnesses."

MADE PUBLIC.

The Work of the Grand Jury That Is Now Given Out.

The indictments made public are as follows:

Anthony Smith and Thomas Nolan, East Liverpool, attempting to break and enter the storeroom of Alfred Peterson in night season.

Newton Croxall and Avery Rambo, East Liverpool, robbery.

William Smith, East Liverpool, assault and battery on Jessie Shamp.

John H. Shumaker, East Liverpool practicing dentistry illegally.

Sherman Reed, East Liverpool, assault on William Rawlins.

David Watson, pointing firearms without malice.

Anna Clark, Wellsville, bigamy.

Ollie Ronkesley, Lisbon, indecent exposure of person.

Forest M. Guy, Wellsville, perjury.

Joseph Johnson, Salineville, stabbing

Richard Bolton with intent to wound and kill.

Missing Brother of Bertha Beilstein, the Allegheny Murderess, Reported.

The notorious Beilstein case which shocked Allegheny a year ago when Bertha Beilstein murdered her mother and attempted suicide was recalled today when the announcement that her brother, J. Frederick Beilstein, who has been missing from his home in Allegheny for some time, had been seen in this city. The murder of Mrs. Beilstein was attended by a series of fatalities. An old man who made his home with the family wandered away the morning of the murder and was found dead on the railroad tracks. Bertha's brother, Edward, committed suicide on his mother's grave. Bertha was acquitted on the ground of emotional insanity and was committed to Dixmount. Recently her remaining brother, Fred, left home and was reported missing.

Beilstein was last seen at his home, 222 Spring Garden avenue, Allegheny, on September 24. Mrs. Catherine Dauer, his mother-in-law, said that she thought he had only gone away until his financial troubles are settled. By some of his acquaintances it is thought that Beilstein is at Parkersburg, W. Va.

Henry Dake, of Allegheny, was in East Liverpool on September 26, and while there he states he saw Beilstein standing in the doorway of a grocery and produce store.

GEN. THOMAS COUNCIL

Held an Oyster Social Last Evening and Had a Most Enjoyable Time.

General George H. Thomas council, No. 8, O. U. A. M., is having a prosperous season. At the regular meeting last evening the reports of the different officers were received, which showed the council to be in a healthy condition. After the regular order of business a social was held, at which oysters and the necessary refreshments were served by an experienced cook, and a portion of the evening was spent in relating reminiscences of bygone days, some of which were very amusing, but rough on the victims of the boys of those early days of East Liverpool. Those absent from the meeting missed a pleasant time.

PROHIBITION TICKET

Will be Put on the Ballot With the Aid of 8,000 Petitioners.

State Chairman Ashenhurst, of Columbus, has written to Mayor C. F. Bough stating that the Prohibition ticket will appear as usual on the Ohio ballot this fall, the nominations being made by a petition signed by 8,000 voters. Of these 415 came from Columbiana county.

The county committee will meet in this city next week to reorganize by electing a chairman in place of J. L. Swan, of Wellsville, who has removed to Canton. At this meeting preparations will be made for the campaign.

OVER A TECHNICALITY.

Attorneys For Wellsville and Bell Company Fighting It Out at Lisbon.

LISBON, Oct. 6.—[Special]—The arguments upon the petition for the removal of the Wellsville telephone case to the United States circuit court at Cleveland began at 9:45 this morning. The question argued is whether simply filing a petition for a removal of the case and alleging sufficient facts for the removal, of itself and by virtue of the allegations removes the case.

The city of Wellsville contends that it has the right to answer and deny the allegations, and that the company must

show that the allegations in its petition are facts by sufficient evidence. The company insists that all that is necessary is for it to file a proper bond. This seems to be what has been done in the past in all cases, but whether the law is different remains to be seen by the decision of the court.

Troubles Increasing.

Owing to the different snags struck by the promoters of the street railway extension, in council and out of it, it is not believed that any work will be done on the line this winter. The difficulties instead of being removed seem to have become more numerous.

"We have considered a number of cases of petty criminal matters which we unanimously believe should not be passed on by this body. This has been done at considerable expense. We recommend that justices and mayors scrutinize these unimportant cases with more care and dispose of more of them in their own courts, as we believe they should do by hearing the evidence of the state even when the defense waives a hearing and consents to be bound over. We have had 88 cases presented for our consideration, found 74 indictments and ignored 14 and examined 146 witnesses."

MADE PUBLIC.

Missing Brother of Bertha Beilstein, the Allegheny Murderess, Reported.

The notorious Beilstein case which shocked Allegheny a year ago when Bertha Beilstein murdered her mother and attempted suicide was recalled today when the announcement that her brother, J. Frederick Beilstein, who has been missing from his home in Allegheny for some time, had been seen in this city. The murder of Mrs. Beilstein was attended by a series of fatalities. An old man who made his home with the family wandered away the morning of the murder and was found dead on the railroad tracks. Bertha's brother, Edward, committed suicide on his mother's grave. Bertha was acquitted on the ground of emotional insanity and was committed to Dixmount. Recently her remaining brother, Fred, left home and was reported missing.

Beilstein was last seen at his home, 222 Spring Garden avenue, Allegheny, on September 24. Mrs. Catherine Dauer, his mother-in-law, said that she thought he had only gone away until his financial troubles are settled. By some of his acquaintances it is thought that Beilstein is at Parkersburg, W. Va.

Henry Dake, of Allegheny, was in East Liverpool on September 26, and while there he states he saw Beilstein standing in the doorway of a grocery and produce store.

CEN. THOMAS COUNCIL

Held an Oyster Social Last Evening and Had a Most Enjoyable Time.

General George H. Thomas council, No. 8, O. U. A. M., is having a prosperous season. At the regular meeting last evening the reports of the different officers were received, which showed the council to be in a healthy condition. After the regular order of business a social was held, at which oysters and the necessary refreshments were served by an experienced cook, and a portion of the evening was spent in relating reminiscences of bygone days, some of which were very amusing, but rough on the victims of the boys of those early days of East Liverpool. Those absent from the meeting missed a pleasant time.

PROHIBITION TICKET

Will be Put on the Ballot With the Aid of 8,000 Petitioners.

State Chairman Ashenhurst, of Columbus, has written to Mayor C. F. Bough stating that the Prohibition ticket will appear as usual on the Ohio ballot this fall, the nominations being made by a petition signed by 8,000 voters. Of these 415 came from Columbiana county.

The county committee will meet in this city next week to reorganize by electing a chairman in place of J. L. Swan, of Wellsville, who has removed to Canton. At this meeting preparations will be made for the campaign.

Aten's Candidacy.

George B. Aten, of Wellsville, nominated by the Democrats for state senator, is known to a number of Alliance people, and is conceded to be a very inoffensive man. There is no danger, of course, of his being elected.—Alliance Review.

OVER A TECHNICALITY.

Attorneys For Wellsville and Bell Company Fighting It Out at Lisbon.

LISBON, Oct. 6.—[Special]—The arguments upon the petition for the removal of the Wellsville telephone case to the United States circuit court at Cleveland began at 9:45 this morning.

The question argued is whether simply filing a petition for a removal of the case and alleging sufficient facts for the removal, of itself and by virtue of the allegations removes the case.

The city of Wellsville contends that it has the right to answer and deny the allegations, and that the company must

show that the allegations in its petition are facts by sufficient evidence. The company insists that all that is necessary is for it to file a proper bond. This seems to be what has been done in the past in all cases, but whether the law is different remains to be seen by the decision of the court.

Troubles Increasing.

Owing to the different snags struck by the promoters of the street railway extension, in council and out of it, it is not believed that any work will be done on the line this winter. The difficulties instead of being removed seem to have become more numerous.

THE TRANSVAAL'S GOLD

Real Cause of the Trouble With the Boers.

MINES OF THE WITWATERSRAND.

Englishmen Want the Yellow Metal More Than They Want Political Franchise in the South African Republic—One of the Niggers in the Transvaal Wood Pile.

It is generally known that the wealth taken out of the Witwatersrand mines, in the Transvaal, is enormous, but it is only after one knows the precise profits which go to the fortunate share-holders that it can be properly appreciated. The figures below are taken from the London Stock Exchange Year Book and show the dividends realized on the capital invested in various mines for the year 1898:

Per cent.	Per cent.
City & Suburban. 15	Meyer & Charlton. 60
May Consolidated. 15	Worcester. 60
Windsor. 20	Geidenhuis Deep. 75
Bloemfontein. 23 1/2	Durban Roodepoort 80

Glencairn. 25	Bonanza. 100
Knights. 30	Jubilee. 100
Rose Deep. 40	Merit. 100
Griesberg. 40	Henry Nourse. 125
Roodepoort United. 40	Geidenhuis estate. 147 1/2

Crown Deep. 50	Ferreira. 300
Primrose. 55	Johannesburg Pio-

The total amount paid in dividends by the gold producing mines was in 1896, \$7,450,000; in 1897, \$18,500,000, and in 1898, \$24,450,000.

After reading these figures it becomes easy to understand the remark made by Sir Alfred Milner the day he left England to return to South Africa when asked by a reporter what would be his policy with regard to the Transvaal. "If," he said, "you saw a solid pile of gold worth £500,000,000 over there with 20,000 Boers armed to the teeth sitting upon it, what would you do?" Less enigmatic was a statement made by Mr. Lionel Phillips, one of the Rand millionaires: "We don't care about the franchise. We want the mines."

The following additional figures taken from the official reports on the gold production in the Transvaal are just now of special interest:

"There has, indeed, been an uncheck- ed advance in the production month by month this year. The output in January was 410,415 ounces; in February, 404,335 ounces; in March, 441,578 ounces; in April, 439,110 ounces; in May, 448,993 ounces; in June, 445,763 ounces, and in July, 456,476 ounces, making an aggregate for the first seven months of this year of 3,042,339 ounces, or something more than the output for the whole of 1897. The extraordinary increase in the production of Transvaal gold is shown in the fact that while the Witwatersrand turned out 3,042,339 ounces to July 31 this year, the corresponding production in the corresponding period of 1898 was 2,841,006 ounces; in the corresponding period of 1897, 1,603,910 ounces, and in the corresponding period of 1896, 1,258,376 ounces. This year's production, assuming that peace is maintained, will be at least 5,000,000 ounces, or an aggregate value of nearly \$100,000,000. This is a marvelous result, but it is subject to this drawback—in exact proportion as the Transvaal is found to be more auriferous the bitterness between the rival white races appears to become intensified. The great increase in the production during the last two years is due to the closeness with which all debris is worked up by the cyanide and slimes processes, while a large number of additional stampers have been brought into working and more deep level mines have become productive."

Society Girl Going on the Stage.

The latest young society aspirant for theatrical honors is Miss Esterbrook Galloway, a handsome and accomplished girl, who has joined Daniel Frohman's forces in New York. Miss Galloway's connections on her mother's side are with the Cheeseman family of Philadelphia, her mother having been Miss Elizabeth Cheeseman, who not only held a prominent position there socially but was a woman of many accomplishments, who made a mark by her literary attainments. The Gardiners are also her relatives, who were connected with President Buchanan. Miss Galloway's granduncle was Samuel Galloway, former secretary of state of Ohio for two terms. He also

represented the Columbus district in congress. Miss Galloway's father was Judge J. M. Galloway, formerly of Columbus.

REACHING AFTER LIBERIA.

Berlin Paper Says Germany Must Get All or a Part of the Negro Republic.

BERLIN, Oct. 6.—The Deutscher Colonial Zeitung, in an editorial on Liberia, says:

"Liberia must necessarily soon cease to exist. France and England are both indulging in the machinations to annex the country. Liberia is of the greatest value to Germany, especially the Cameroons. Two-thirds of the Liberia firms are Germans and Germany must therefore see that she gets a share of the territory or the whole."

Dewey Had a Quiet Day.

WASHINGTON, Oct. 6.—The absence of the president from Washington and the conclusion of the festivities left Admiral Dewey practically to himself for a day. He started out early for a morning constitutional, and took quite a walk through the northwest section of the city, dropping in for a short time at the Metropolitan club and returning for luncheon to the McLean residence.

27 Natives Killed in a Fight.

PARIS, Oct. 6.—According to a dispatch from Ras Jibutib, on the gulf of Aden, the Indo-British troops recently landed on the Somali coast and fought with the forces of an Arab mullah, who has been proclaimed mahdi by the Hinterland Mussulmans, who are instigating an uprising of the Somalis against the Abyssians. During the fighting 27 Somalis were killed.

Fired Fatal Shot While Drunk.
NEW YORK, Oct. 6.—Henry Costello, a driver, lodged a bullet in the spine of George Morro, a retired jeweler, in Brooklyn, who may die. Costello then ran, firing two shots at a pursuing policeman, who responded with his own weapon. None of these shots hit. Costello was arrested. Costello said he was drunk.

Nomination Case in Court.

HARRISBURG, Oct. 6.—Petition for a mandamus to compel the secretary of the commonwealth to file the certificate of nomination of Judge Hemphill of Chester county was presented to the Dauphin county court by John Cavanagh, chairman of the Democratic committee of Chester county. The matter will be heard next Monday afternoon.

Bust For Dewey Home.

WASHINGTON, Oct. 6.—United States Treasurer Roberts received an offer from J. S. J. Dunbar, a well-known bronze sculptor, of a bronze portrait of Admiral Dewey, to be placed in the new Dewey residence. He so received a cash contribution of \$250 from R. T. Wilson of New York, making a total to date of \$49,897.

A Woman Suicided.

JOHNSTOWN, Pa., Oct. 6.—Mrs. Robert Hochstetler, wife of a former milk dealer, committed suicide with rough on rats. She had been in poor health during the last year, which, together with the death of a brother and loss of a sum of money on a note, is supposed to have prompted the deed.

Death From Yellow Fever.

WASHINGTON, Oct. 6.—Surgeon General Wyman's advice showed five new cases of yellow fever at New Orleans and one death. The report for Key West is 33 new cases; no deaths. No reports have been received from Mississippi points, but the recent frosts indicate that the disease will probably not spread in that state.

Steamer and Cargo Burned.

NEW YORK, Oct. 6.—The Mallory line steamer Leona was burned and sunk at her wharf in East river. The cargo, consisting of tobacco and 8,000 bales of cotton, and valued at \$250,000 to \$300,000, is a total loss, and the boat is little better than a wreck. Three or four firemen had narrow escapes. It is believed that the Leona caught fire at sea several days ago.

Home For Children Infected.

DAYTON, O., Oct. 6.—The fact became public that there are 33 cases of smallpox at the Children's home, in Summit street. All the cases are said to be of mild form.

Captured at Susquehanna, Pa.

TRENTON, Oct. 6.—"Buck" Spear, one of the two prisoners who escaped from the New Jersey penitentiary a few weeks ago, was captured at Susquehanna, Pa.

More of Cramps' Men Struck.

PHILADELPHIA, Oct. 6.—Forty men employed at Cramps, representing various trades, joined the striking employees of that company.

AGAIN DECLARED NO RACE.

Yachts Failed to Make the Time Owning to Light, Shifting Winds—An Indecisive Run.

NEW YORK, Oct. 6.—Again the sea refused the Shamrock and Columbia a field of conflict; again the multitude which went out to watch the contestants for the yachting championship of the world returned disappointed and not a little disgusted. The question of supremacy of the two great yachts is still as much an open question as before they first met, as the contest was in some respects more of a fluke than that of Tuesday. It was a drifting match almost from start to finish.

After sailing four hours and 43 minutes, the yachts having covered only 13 miles of the course to the outer mark, the regatta committee declared the race off, as it was manifestly impossible, with the breeze then blowing, for the boats to round the stake before the time limit expired, much less to get back home again.

While the wind held astern the Columbia steadily outfooted her rival until she was fully half a mile ahead, but in the shifting baffling winds that followed during the last three hours, with the great single stickers tacking and beating and gybing to catch every streak of wind, with fortune helping one about as much as the other, the Shamrock gradually worked her way up until, when the race was declared off, the two boats were about on even terms, the Shamrock perhaps half a length ahead, but so close was the Columbia that Captain Barr could have thrown a biscuit to the foreigners.

The only lesson learned by the nautical sharps from the trial of the abilities of the two boats is that in light weather conditions the Columbia is the superior in running and reaching and the Shamrock slightly better in beating. There has yet been no indication of what either boat can do in a piping whole sail breeze.

The Kaiser's Yachtman on Shamrock.

NEW YORK, Oct. 6.—Captain Ben Parker and his brother, William, of Emperor William's fast yacht Meteor, were on board the Shamrock in both Tuesday's and the last race. Dr. Mackie, speaking for Sir Thomas Lipton, said that the two men were aboard the English boat simply because they are friends of Captains Hogarth and Wringe.

A GIRL'S ASSAILANT WENT FREE.

Evidence of the Crookedness of Justice in New York.

NEW YORK, Oct. 6.—Evidence was brought out before the Mazet committee concerning the unlawful sale of liquor by tenants of buildings owned by the city in the parks in the borough of the Bronx. Gussie Storm, a 16-year-old girl, testified that she was drugged and assaulted by Samuel Leicht. She was subsequently found in his apartments and both were arrested. She was taken to the district attorney's office on June 24 and was asked by Assistant District Attorney Grady, a brother of Senator Thomas F. Grady, not to press the charge against Leicht. Mr. Grady promised, she claimed, that if she would not press the charge he would see that Leicht was punished and that she could go free at once. Otherwise, he asserted, he would make it bad for her.

A letter purporting to be from her was sent to the trial judge stating that she herself was not altogether faultless. The witness claimed that she had never written such a letter. Leicht's brother-in-law, Joseph Lapidus, showed her a similar letter and tried to get her to sign it. When she refused he told her that others would fix it up. The letter was sent and Leicht was set free. Grady is now dead.

Big Land Purchase Near Indiana, Pa.

BELLEFONTE, Pa., Oct. 6.—A syndicate of Bellefonte capitalists, together with a small interest by several eastern men, has closed a deal for the purchase of 125,000 acres of Plum creek coal lands in Indiana and Armstrong counties. The price to be paid is considerably more than \$1,000,000. To develop will necessitate the building of nearly 50 miles of new railroad from the town of Indiana.

Knapp Before Industrial Commission.

WASHINGTON, Oct. 6.—Chairman Knapp of the interstate commerce commission was a witness before the industrial commission. He said that the railroads still practiced discrimination and that one of the worst phases of this discrimination was found in the granting of free passes. He advocated the repeal of the anti-trust law and of the pooling clause of the interstate commerce act.

A Bank Robbed in Iowa.

RIPPEY, Ia., Oct. 6.—Burglars entered the Commercial bank here, blew the safe open and obtained, it was reported, \$5,000. The bank cashier declared the robbers only got \$1,500. No arrests were made.

Costello then ran, firing two shots at a pursuing policeman, who responded with his own weapon. None of these shots hit. Costello was arrested. Costello said he was drunk.

Nomination Case in Court.

HARRISBURG, Oct. 6.—Petition for a mandamus to compel the secretary of the commonwealth to file the certificate of nomination of Judge Hemphill of Chester county was presented to the Dauphin county court by John Cavanaugh, chairman of the Democratic committee of Chester county. The matter will be heard next Monday afternoon.

Bust For Dewey Home.

WASHINGTON, Oct. 6.—United States Treasurer Roberts received an offer from C. S. J. Dunbar, a well-known Boston sculptor, of a bronze portrait of Admiral Dewey, to be placed in the new Dewey residence. He received a cash contribution of \$250 from R. F. Wilson of New York, making a total to date of \$49,897.

A Woman Suicided.

JOHNSTOWN, Pa., Oct. 6.—Mrs. Robert Hochstetler, wife of a former milk dealer, committed suicide with rough on rats. She had been in poor health during the last year, which, together with the death of a brother and loss of a sum of money on a note, is supposed to have prompted the deed.

Death From Yellow Fever.

WASHINGTON, Oct. 6.—Surgeon General Wyman's advice showed five new cases of yellow fever at New Orleans and one death. The report for Key West is 33 new cases; no deaths. No reports have been received from Mississippi points, but the recent frosts indicate that the disease will probably spread in that state.

Steamer and Cargo Burned.

NEW YORK, Oct. 6.—The Mallory line steamer Leona was burned and sunk at her wharf in East river. The cargo, consisting of tobacco and 8,000 bales of cotton, and valued at \$250,000 to \$300,000, is a total loss, and the boat is little better than a wreck. Three or four firemen had narrow escapes. It is believed that the Leona caught fire at sea several days ago.

Home for Children Infected.

DAYTON, Oct. 6.—The fact became public that there are 33 cases of smallpox at the Children's home, in Summit street. All the cases are said to be of mild form.

Captured at Susquehanna, Pa.

TRENTON, Oct. 6.—"Buck" Spear, one of the two prisoners who escaped from the New Jersey penitentiary a few weeks ago, was captured at Susquehanna, Pa.

More of Cramps' Men Struck.

PHILADELPHIA, Oct. 6.—Forty men employed at Cramps, representing various trades, joined the striking employees of that company.

AGAIN DECLARED NO RACE.

Yachts Failed to Make the Time Owing to Light, Shifting Winds—An Indecisive Run.

NEW YORK, Oct. 6.—Again the sea refused the Shamrock and Columbia a field of conflict; again the multitude which went out to watch the contestants for the yachting championship of the world returned disappointed and not a little disgusted. The question of supremacy of the two great yachts is still as much an open question as before they first met, as the contest was in some respects more of a fluke than that of Tuesday. It was a drifting match almost from start to finish.

After sailing four hours and 43 minutes, the yachts having covered only 13 miles of the course to the outer mark, the regatta committee declared the race off, as it was manifestly impossible, with the breeze then blowing, for the boats to round the stake before the time limit expired, much less to get back home again.

While the wind held astern the Columbia steadily outfooted her rival until she was fully half a mile ahead, but in the shifting baffling winds that followed during the last three hours, with the great single sticks tacking and beating and gybing to catch every streak of wind, with fortune helping one about as much as the other, the Shamrock gradually worked her way up until, when the race was declared off, the two boats were about on even terms, the Shamrock perhaps half a length ahead, but so close was the Columbia that Captain Barr could have thrown a biscuit to the foreigners.

The only lesson learned by the nautical sharps from the trial of the abilities of the two boats is that in light weather conditions the Columbia is the superior in running and reaching and the Shamrock slightly better in beating. There has yet been no indication of what either boat can do in a piping whole sail breeze.

The Kaiser's Yachtman on Shamrock.

NEW YORK, Oct. 6.—Captain Ben Parker and his brother, William, of Emperor William's fast yacht Meteor, were on board the Shamrock in both Tuesday's and the last race. Dr. Mackie, speaking for Sir Thomas Lipton, said that the two men were aboard the English boat simply because they are friends of Captains Hogarth and Wringe.

A GIRL'S ASSAILANT WENT FREE.

Evidence of the Crookedness of Justice in New York.

NEW YORK, Oct. 6.—Evidence was brought out before the Mazet committee concerning the unlawful sale of liquor by tenants of buildings owned by the city in the parks in the borough of the Bronx. Gussie Storm, a 16-year-old girl, testified that she was drugged and assaulted by Samuel Leicht. She was subsequently found in his apartments and both were arrested. She was taken to the district attorney's office on June 24 and was asked by Assistant District Attorney Grady, a brother of Senator Thomas F. Grady, not to press the charge against Leicht. Mr. Grady promised, she claimed, that if she would not press the charge he would see that Leicht was punished and that she could go free at once. Otherwise, he asserted, he would make it bad for her.

A letter purporting to be from her was sent to the trial judge stating that she herself was not altogether faultless. The witness claimed that she had never written such a letter. Leicht's brother-in-law, Joseph Lapidus, showed her a similar letter and tried to get her to sign it. When she refused he told her that others would fix it up. The letter was sent and Leicht was set free. Grady is now dead.

Big Land Purchase Near Indiana, Pa.

BELLEFONTE, Pa., Oct. 6.—A syndicate of Bellefonte capitalists, together with a small interest by several eastern men, has closed a deal for the purchase of 125,000 acres of Plum creek coal lands in Indiana and Armstrong counties. The price to be paid is considerably more than \$1,000,000. To develop will necessitate the building of nearly 50 miles of new railroad from the town of Indiana.

Knapp Before Industrial Commission.

WASHINGTON, Oct. 6.—Chairman Knapp of the interstate commerce commission was a witness before the industrial commission. He said that the railroads still practiced discrimination and that one of the worst phases of this discrimination was found in the granting of free passes. He advocated the repeal of the anti-trust law and of the pooling clause of the interstate commerce act.

A Bank Robbed in Iowa.

RIPPEY, Ia., Oct. 6.—Burglars entered the Commercial bank here, blew the safe open and obtained, it was reported, \$5,000. The bank cashier declared the robbers only got \$1,500. No arrests were made.

In the first half the first touchdown was made by Wellsville on a fluke, the East Liverpool boys engaging in a dispute with the referee, claiming that the ball should have been given them on downs. While the dispute was in progress and over half the Liverpool boys were kicking to the referee Wellsville put the ball in play. Daugherty made a touchdown.

Liverpool also scored a touchdown in this half on a fumble by Louthan, their own quarter back. Little got the ball, ran the entire length of the field for a touchdown but they failed to kick goal. The half ended with a score of 6 to 5 in favor of Wellsville.

In the second half Wellsville scored two more touchdowns, both of them being made by Curtis. The first was made a few minutes after play started when Curtis got the ball and went around the right end, going through the spectators so that it was impossible for the Liverpool people to tackle him. There was a lengthy kick about this. The claim was made that he was out of bounds, but after it was looked up it was found that the spectators were on the football field.

The second touchdown was made about the middle of the half by Curtis, who again went around the end for a long run and a touchdown. This time he kicked goal.

ONE DOLLAR LESS

Than the Even \$2,000 Will Compensate Russell White For His Damages.

LISBON, Oct. 6.—[Special]—Russell White, of Washington township, has brought suit against the Pennsylvania railroad. He alleges that he was in the employ of the Ohio and Pennsylvania company and a part of his duties was to run cars from the main track of the Cleveland and Pennsylvania railroad down the switch to the coal company's tipple. The grade of the switch is downward from the main track and the switch has nothing at the further end to stop the cars, and unless the cars are stopped by the brake they will be precipitated into a creek below a distance of 10 feet.

July 14 last White attempted to let a car down to the tipple, but the brakes on the car would not work. It started down at a high rate of speed, and he, being unable to stop it and fearing a fall into the creek below, jumped from the car. In alighting he injured his foot so that he has since been unable to follow his usual avocation. He asks for \$1,999.

The News Review has just closed a contract with Rand, McNally & Co., of Chicago, the famous map publishers, for the EXCLUSIVE sale and distribution of the new Rand McNally Expansion Atlas

In this city and vicinity.

This is the revised edition and is right up to date. It contains general maps covering every part of the world, complete and accurate, but its special interest is found in the new maps and descriptive matter pertaining to the

New American Colonies,

The Philippines, Hawaii, Porto Rico, Cuba, Manila and vicinity, including a chronology of all the important events of the Spanish-American war.

The Dewey Souvenir,

A handsomely engraved colored plate, containing excellent portraits of Admirals Dewey and Farragut and the American naval commanders in the Orient, forms the frontispiece of the book. In the center is a beautiful picture in colors of the Battle of Manila Bay, showing the position of each of the American and Spanish vessels and the scenery of the bay, drawn from official descriptions.

Photographs

Of the leading American war ships and portraits of all the presidents are also shown. All the maps are fully and completely indexed so that it is possible in a moment to find any place desired. Population, area and other interesting information is given briefly and accurately up to date.

The map showing how the United States have expanded since the foundation of this government is one of the most valuable features of the book, as it shows

CURTIS WON THE GAME

Entre Nous Team Defeated by the Wellsville Pirates

BY A SCORE OF 17 TO 5

The Liverpool Boys Were Much Superior in Team Work, but Curtis Was a Whole Eleven In Himself and Made All the Touchdowns but One—The Lineup.

The football game yesterday afternoon between the Entre Nous team and the Wellsville Pirates was won by the Wellsville club by a score of 17 to 5.

The local team played a good game and their team work was much superior to that of the Pirates. The game was won for Wellsville by Curtis, late of the Wheeling tigers. He formed all their interference and made their tackles and all but one of their touchdowns.

In the first half the first touchdown was made by Wellsville on a fluke, the East Liverpool boys engaging in a dispute with the referee, claiming that the ball should have been given them on downs. While the dispute was in progress and over half the Liverpool boys were kicking to the referee Wellsville put the ball in play. Daugherty made a touchdown.

Liverpool also scored a touchdown in this half on a fumble by Louthan, their own quarter back. Little got the ball, ran the entire length of the field for a touchdown but they failed to kick goal. The half ended with a score of 6 to 5 in favor of Wellsville.

In the second half Wellsville scored two more touchdowns, both of them being made by Curtis. The first was made a few minutes after play started when Curtis got the ball and went around the right end, going through the spectators so that it was impossible for the Liverpool people to tackle him. There was a lengthy kick about this. The claim was made that he was out of bounds, but after it was looked up it was found that the spectators were on the football field.

The second touchdown was made about the middle of the half by Curtis, who again went around the end for a long run and a touchdown. This time he kicked goal.

The teams lined up as follows:

ONE DOLLAR LESS

Than the Even \$2,000 Will Compensate Russell White For His Damages.

LISBON, Oct. 6.—[Special]—Russell White, of Washington township, has brought suit against the Pennsylvania railroad. He alleges that he was in the employ of the Ohio and Pennsylvania company and a part of his duties was to run cars from the main track of the Cleveland and Pennsylvania railroad down the switch to the coal company's tipple. The grade of the switch is downward from the main track and the switch has nothing at the further end to stop the cars, and unless the cars are stopped by the brake they will be precipitated into a creek below a distance of 10 feet.

July 14 last White attempted to let a car down to the tipple, but the brakes on the car would not work. It started down at a high rate of speed, and he, being unable to stop it and fearing a fall into the creek below, jumped from the car. In alighting he injured his foot so that he has since been unable to follow his usual avocation. He asks for \$1,999.

THE EVENING NEWS REVIEW.

15TH YEAR. NO. 101.

EAST LIVERPOOL, O., FRIDAY, OCT. 6, 1899.

TWO CENTS

SUSPICIOUS OF RUSSIA

Muravieff's Trip Causes Un-easiness In England.

SAW KING AND QUEEN OF SPAIN.

That Country's Resentment Toward the British, Kaiser's Famous Dispatch and France's Ill-Feeling Arouses Suspicions of Interference In Transvaal.

LONDON, Oct. 6.—The mysterious visit of Count Muravieff, the Russian minister of foreign affairs, to San Sebastian, where he saw the queen regent and the king of Spain, and had long conferences with Senor Silvela, the Spanish premier, occupies political minds. From Spain Count Muravieff will go to Paris.

Russia's attitude in the Transvaal matter is common knowledge. Germany is officially neutral, but Emperor William's famous telegram to President Kruger is not forgotten, and this added to France's bitterness since the

COUNT MURAVIEFF.

Fashoda affair and Spain's resentment of England's attitude during the Hispano-American war, sets the people asking what the motives for Count Muravieff's tour are.

The jingo press pooh poohs the idea of European interference, but in the same breath eagerly seizes upon any incident, such as the America's cup races, to insist on the growing Anglo-American friendship.

LONDON, Oct. 6.—Nothing important has developed as to the Transvaal situation. The Daily Telegraph's dispatch announcing that the Boers had invaded Natal and seized Laings Nek now seems to be without foundation. The government has received nothing to justify the report, although such a move on the part of the Boers would naturally cause little surprise.

The British position in Natal was considerably strengthened by the arrival of Indian transports with reinforcements of about 2,500 infantry, cavalry and artillery, all of which will be promptly sent to the front by train, and with their arrival at Glen Cove and Ladysmith today or tomorrow the British advanced camps and lines of communication will be practically safeguarded against the risk of a successful dash across the frontier by the Boers.

The military authorities apparently no longer fear the massing of the Boers along the border, and in fact it has been provided that the Boers shall not make a sudden invasion in the territory. The Natal authorities are rather pleased with this, because they argue the tension of waiting will tell on the Boers' discipline, and, moreover, they will soon exhaust what little forage there is near the border and be compelled to fall back on their base, because in view of the defective commissariat they are unwilling to advance into Natal leaving behind them a forageless veldt.

Advices from Johannesburg report that Kaffirs are raiding the business places and houses in East Rand. The whites have fired on them. A special force of police has been dispatched to disperse the raiders.

A special dispatch from Pretoria says that President Kruger expressed himself strongly at being prevented by the executive from going to the front. He is reported to have said:

"Some people say I am the cause of the present trouble, and I want to take

my share of it, living with my people."

The same dispatch announces that Commandant General Joubert's wife has started to join her husband on the border.

Heavy rains have fallen and the Sand-spruit river is flooded.

The Cape Town correspondent of The Daily Chronicle furnishes little further light upon the obscurity of the movements of Mr. Hofmeyr, the Afrikan leader. The correspondent admits that the report of a conference between Mr. Hofmeyr and Sir Alfred Milner on Tuesday and the departure of Mr. Hofmeyr was premature, but says the conference actually occurred on Wednesday and it is believed that no direct result was attained.

A PLEA FOR ARBITRATION.

Englishman Spoke For a Treaty With United States at Pan-Presbyterian Alliance.

WASHINGTON, Oct. 6.—The Presbyterian Alliance continued its session here with the reading of papers and discussion of the preparation to be made for the Liverpool meeting next year. It was generally agreed that the alliance wanted fewer long, heavy papers and more time for the discussion of live practical topics. The various suggestions were referred to the program committee for the next meeting.

There was a talk on "Mission Work in the Transvaal" by Rev. P. C. J. Meiring of Johannesburg and a paper on "Divorce" by Rev. Prof. A. M. McClenahan of Allegheny City. Dr. Meiring said the Transvaal had not been able in its earlier history to do much mission work, but in the increase in wealth and population it was undertaking the civilization of the wild tribes and now had 75 workers among the Kaffirs and other tribes.

After the reading of Prof. McClenahan's paper on "Marriage and Divorce," Rev. Cyrus Cort offered a strong resolution against sanctioning of divorce on any but "Scriptural grounds." The resolution went to the business committee.

In a discussion on arbitration Samuel Smith, an English member of parliament, made an earnest plea for the conclusion of an arbitration treaty between Great Britain and the United States, and said that he had used his strongest endeavors at home to have the Transvaal dispute submitted to arbitration.

Last night's session was devoted to addresses on work among young people. The speakers were Rev. John Pugh of Cardiff, Wales, and Rev. H. P. Fullerton of St. Louis. Rev. Dr. Steele of Glasgow, Scotland, also spoke on "The Edict of Nantes and the Huguenots."

EX-SENATOR HARLAN DEAD.

Expired at Mt. Pleasant, Iowa—Mrs. Lincoln, His Daughter, at His Bedside.

DES MOINES, Oct. 6.—The death of ex-United States Senator James Harlan occurred at his home in Mount Pleasant, Ia. The end was not unexpected, a collapse having taken place last Sunday. The immediate cause of death was congestion of the lungs, complicated with liver trouble. Overexertion in attending the sessions of the Iowa Methodist conference last week aggravated his maladies and caused prostration.

His daughter, the wife of Hon. Robert T. Lincoln of Chicago, was summoned from New York city and was present at the bedside. No arrangements have been made for the funeral, but it will probably be held in Iowa Wesleyan university chapel, Mt. Pleasant, on Sunday afternoon.

MAJOR HASTINGS DEAD.

The Ex-Governor and Wife Two of Those Present at the Dying Man's Bedside.

PHILADELPHIA, Oct. 6.—Major J. L. Hastings, a brother of ex-Governor Daniel H. Hastings, died in the University hospital from a complication of diseases resulting from wounds received during the Civil war. His wife and daughter and his distinguished brother and Mrs. Hastings were at his bedside when he died.

Major Hastings was born in Clinton county, Pa., Sept. 14, 1841. He enlisted in the Seventh Pennsylvania regiment as a private at the outbreak of the war and had a long and honorable record, having participated in many battles.

A special dispatch from Pretoria says that President Kruger expressed himself strongly at being prevented by the executive from going to the front. He is reported to have said:

"Some people say I am the cause of the present trouble, and I want to take

A PLOT AT MANILLA

Rebels Schemed to Burn Buildings In the City.

ARCHBISHOP INFORMED GEN. OTIS.

Display of Force Possibly Scared Conspirators—Gunboat Wheeling Bombed a Town—Aguinaldo Rumored to Have Ordered Soldiers to Farms.

MANILA, Oct. 6.—The archbishop of Manila notified General Otis there was a plot on foot to burn the residences of the governor general and the archbishop together with several government buildings and banks, but the plot failed to materialize, possibly because of a display of force.

The first reports regarding the affair at Paranaque seemed to have been much exaggerated. The facts are that a small band of insurgents, following the bay road, poured a volley into the village and later another into Las Pinas with the result that two or three houses were burned. The cracking of the bamboo caused it to be telegraphed to Manila that there had been much shooting.

The United States transport Warren, from San Francisco with 1,200 recruits, arrived.

The United States gunboat Wheeling, from Vancouver March 3 via Honolulu, while passing St. Vincent in Northern Luzon, shot down a Filipino flag. The Filipinos fired a volley at the Wheeling's men, who were sleeping on deck, and the Wheeling bombarded the settlement.

Aguinaldo, according to a report brought to Manila by a Dominican friar from the north, issued orders to the Filipino soldiers in the northern provinces to return to their towns and to resume farming.

This story lacked confirmation, but the rumor may be in accordance with Aguinaldo's policy of keeping the country as productive as possible by using his men in alternate shifts on the farms or under arms.

Dagupan, San Fernando and Delinict, which are under the guns of the United States warships, are supposed to be evacuated. It is alleged that the evacuation order calls upon the male inhabitants to be orderly in case of the arrival of American troops and expresses the hope that the Americans will protect the towns.

The expedition sent to the Orani river under the command of Captain Cornwall to recover the sunken gunboat Urdaneta returned to Cavite with the hull of the boat, after bombarding Orani and landing a force. Captain Cornwall brought one prisoner. Lieutenant Franklin of the army gunboat Laguna de Bay, guided the expedition. There were no casualties.

On Monday morning the expedition entered the river and anchored above Orani, near the Urdaneta, the inhabitants of the town simultaneously evacuating it and carrying their belongings with them.

The gunboats bombarded Orani, the beaches and the surrounding country for half an hour, receiving a Mauser volley in reply.

The Urdaneta was towed off the bar about 10 o'clock that evening, the operations of the Americans being unmolested.

The following morning the bombardment was renewed to cover a landing of 180 blue jackets and marines about a half mile above the town. On entering Orani the Americans experienced a slight rifle fire from the Filipino trenches. They found the town untenanted and that the shells had ignited a few huts.

VESSELS TO THE PHILIPPINES.

New Orleans and Other Ships to Go Instead of Gunboats.

WASHINGTON, Oct. 6.—The navy department was busily engaged in arranging to reinforce the fleet in the Philippines as suggested by Admiral Dewey in the course of his conference with the president. It was found that the plan conceived of sending the Marietta and Machias with the Brooklyn would have to be modified so as to drop the two gunboats.

The New Orleans was telegraphed to proceed at once to the New York navy-yard to have some changes made. The ship may start on her voyage for Manila in about six days. The Brooklyn will be turned back from Hampton

Roads as soon as she comes within signaling distance and sent to New York. She may be ready to sail by the end of next week. A cablegram was sent to the Nashville at San Domingo to proceed at once to Manila via Suez. Orders were also telegraphed to the Badger, at Mare Island, to proceed to the Philippines as soon as possible. No orders have as yet been sent to the Bancroft, at Boston.

It was suggested at the navy department that three of the four vessels will pass through the Suez canal, and so will be available to divert to South Africa should matters there take shape requiring the presence of a United States naval force.

TO OUST MAYOR SWARTZ.

Suit Filed by Attorney General Monnett, Under Garfield Corrupt Practices Election Law.

COLUMBUS, Oct. 6.—Attorney General Monnett filed a suit in the circuit court to oust Mayor Samuel J. Swartz from office for alleged violation of the Gavel law providing against corrupt practices in elections.

The petition alleges that after the election last spring Mr. Swartz filed an incorrect statement of his expenses, that he expended more than the law authorized and that he made promises of office previous to his election, also in violation of the law, to a large number of persons. Mayor Swartz will fight the ouster proceedings.

FARQUHAR TO TAKE COMMAND.

North Atlantic Squadron Left for Hampton Roads.

NEW YORK, Oct. 6.—The North Atlantic squadron left here for Hampton Roads. Rear Admiral Sampson is to

REAR ADMIRAL FARQUHAR.

haul down his flag there and Rear Admiral Farquhar is to take command.

Appointed to Represent Transvaal.

NEW YORK, Oct. 6.—General James O'Birne made the announcement that he had been appointed commissioner extraordinary in the United States for the Transvaal by President Kruger. The appointment was made two days ago by a cablegram sent to the Rev. Dr. Bosman, Kruger's personal friend and adviser, who was in this country attending the Pan-Presbyterian conference at Washington.

Chairman Jones Expected Today.

NEW YORK, Oct. 6.—Senator James K. Jones, chairman of the Democratic national committee, will arrive at this port on the steamer Umbria today. He will be met at the wharf by George Fred Williams, W. J. Abbott, Dr. Gardner and other gentlemen representing the Chicago platform Democrats, as well as by a delegation from the Democratic club of New York city.

Yellow Fever Situation Improved.

WASHINGTON, Oct. 6.—Colonel Merry, United States minister at Costa Rica, writes the state department from San Jose that the yellow fever which prevailed at Alajuela is under control and no new cases are developing. There have been 60 cases and 21 deaths, nearly all among the poorer classes. The ports of Limon and Punta Arenas are also free from disease.

Mrs. Lydia W. Holliday Dead.

WHEELING, Oct. 6.—Mrs. Lydia W. Holliday, aged 97, and known as "Mother" Holliday, died here. She was the mother of Colonel J. W. Holliday of the Fifteenth West Virginia infantry. She maintained hospitals and was so active in the relief of disabled soldiers that her name gained prominence throughout the Union forces.

AT A SOLDIER'S HOME

The President Spoke at Quincy, Ills., Today.

CROWDS AT THE TOWNS ENROUTE.

Large Gatherings at Fort Wayne, Peru, Logansport and Lafayette—Biggest Crowds in Ohio Were at Tiffin and Fostoria—Conference With Hanna.

QUINCY, Ills., Oct. 6.—President McKinley made a speech at the Soldiers' home here to-day.

At Pittsburg President McKinley and Senator Hanna had a brief conference.

DEFIANCE, O., Oct. 6.—At Chicago Junction a great number of school children were collected at the depot, waving flags and cheering for the president. At every station the crowd loudly cheered for a speech, but the president skillfully evaded these requests by bringing forward and introducing successively members of the cabinet, each of whom was invariably greeted with much applause. The first day of the trip passed contrary to expectations, without an address or speech of any kind.

The largest crowds of the day were at Tiffin and Fostoria. Over an hour's time was lost at Akron, in switching the train from the tracks of the Cleveland Terminal and Valley railroad to those of the Baltimore and Ohio, but by fast running this was made up so that by nightfall the special was again on schedule time. At Defiance the train was transferred to the Wabash. The entire trip from Washington to the Dakotas and return is given on the itinerary as covering 5,000 miles. The tracks of 16 different railroads will be utilized in covering up this distance.

LAFAYETTE, Oct. 6.—Although the presidential train crossed the Indiana line after dark, and despite the fact that word had been telegraphed ahead to the effect that no stops of any considerable length would be made; yet large crowds had assembled at Fort Wayne, Peru, Logansport and Lafayette. The president invariably declined to favor the people with speeches, but willingly shook hands with as many as he could reach, and in most cases presented to them the members of the cabinet. The crowds were invariably enthusiastic and hearty in their greeting, and at most of the stops bands were stationed to play, "Hail to the Chief" as the train pulled in.

Just before leaving Peru the train was, by some mistake, backed a few feet into the crowd. As the people hurried out of its way someone laughingly said: "Here, that won't do; no backing down."

"No," answered a voice from the outskirts of the crowd, "and there won't be any backing down in the Philippines either." This appeared to touch the popular cord, as it brought forth much cheering from the crowd.

Howison's Honorable Naval Career.

WASHINGTON, Oct. 4.—Rear Admiral Henry L. Howison, who was detached from command of the South Atlantic station on the 5th inst., made an official visit to the navy department. He has concluded an active and honorable career in the navy extending over a period of 45 years. He will retire for age next Wednesday and will make his temporary residence in New York city.

Dead Man at Dawson City Identified.

WASHINGTON, Oct. 6.—The United States consul at Dawson City, Northwest Territory, has reported to the department of state that William H. Sutton, who died at Dawson City last spring, has been identified by a photograph furnished by the attorneys of the young man's family, who live in Minnesota.

Shooting of a Boy Ends in Murder.

WASHINGTON, Pa., Oct. 6.—Emmet McCahill, the 14-year-old boy who was shot in the hip by someone on a freight train near Monongahela, died. Some boys had thrown gravel at the train and someone, whether a bum or a trainman, fired into the crowd. McCahill had not been throwing.

Sure Sirbaugh Is Guilty.

CUMBERLAND, Md., Oct. 6.—The authorities are now certain that Frank Sirbaugh, the one-legged ex-convict in jail at Martinsburg, W. Va., was one of the principals in the robbery and murder of Absalom Kesler and his niece, Anna Doman, near Paw Paw, ten days ago.

THE EAST END.

NEW MODE OF REVIVALS

Second M. E. Church Arranging For a Novel Service.

DEACONNESSES WILL BE HERE

And Hold Services In Every House—All Carpenter Work at the Laughlin Pottery Completed but the Office—News of the Suburb.

In January the members of the Second M. E. church will hold a novel series of revival services. Premature arrangements are now being made for the occasion, but the entire program will not be completed for several months. The following is an outline of the work in view:

In Cleveland the Methodist Episcopal conference supports a deaconess' home, and the members of this institution are noted far and wide for their religious work. It is the intention of the Second church to bring several of these women from Cleveland and have them hold services in the East End. The women can be distinguished from others by their peculiar garb. They wear a bonnet similar to that worn by Quakers and these are tied with white strings. It is the intention to start the work in this part of the city about January 15.

AMONG THE SICK.

Numerous East Enders Are Now Under the Physician's Care.

The number of sick persons in East End is greater now than for several weeks past. Clarence, the small son of Mr. and Mrs. Ted Owens, is very ill, while the son of William Heckathorne, of Pennsylvania avenue, is suffering with inflammation of the stomach. For the first time in 10 months Lincoln Harmer was able to eat his meals at the table on Thursday. He is also able to go out and physicians say his entire recovery is but a matter of a short time. Mrs. Frank Marshall is also mentioned among the sick.

NUT HUNTING.

Children Enjoy a Few Hours Ramble In the Woods.

Miss Lu Hanley, one of the teachers in the East End school, after school dismissed yesterday afternoon took her scholars out in the woods back of East End where they spent several hours hunting nuts. Each scholar had a basket and as they went out Pennsylvania avenue they seemed as if they were going to their homes in the country after being in school all day.

NEXT MONDAY,

If Teamsters Can Be Secured, Excavating Will Be Commenced.

Contractor Harvey McHenry stated yesterday that excavating for the new school would be commenced next Monday, provided a sufficient number of teamsters could be secured. The work would have been started this week, but no teamsters could be secured.

Personal.

Mr. Cable, father of Mrs. N. J. Orr, arrived in East End yesterday from a visit with Columbus friends. He will leave soon for his home in Pennsylvania.

Mrs. Annie Irwin, of Beaver, is a guest at the home of Mr. and Mrs. Robert Finley, of St. George street.

Almost Completed.

The new Laughlin pottery is almost completed, and many of the carpenters who were working on the plant have been taken away and placed on other jobs. Contractor McHenry states that

SOUTH SIDE. MANY NEW OIL WELLS

To Be Put Down In Vicinity of Chester.

TWO WILL BE IN CONGO

County Teachers' Institute Will be Held In Chester Last of October, and Probably Last Two Days—News of Chester and of People About the Grant District.

Next Monday C. A. Heck will commence the drilling on another well on the Mercer farm, back of Chester. Gas is expected to be found, although the drillers have slight hopes of securing oil.

The oil and gas fever has become general throughout the county, and arrangements are now being made by parties to drill a number of wells. Two of these wells will be drilled in Hammondtown or Congo, opposite Wellsville, while the others will be located on the Caleb Grier farm, one near the Allison school, one on the Hamilton farm and one on the Wilhelm farm. A representative of the Heck company stated this morning that many oil men are of the opinion that the field back of Chester is a good one and will be worked extensively during this winter.

This morning the Heck people sent about 1,000 feet of casing to the Raven Rock field where it will be used in a well that is now being drilled.

AN AGENT.

Thought a Man Will Be Sent to Chester From the Main Line.

It is not yet known who will have the railroad agency at Chester, but the Panhandle people will likely send a man from the main line. It is now said four round trip passenger trains will be run. In other words that the present schedule to Cumberland will be extended to the end of the line.—Cumberland paper.

TEACHERS' INSTITUTE.

Sessions Will Be Held In Chester Last of the Month.

The October meeting of the Hancock county teachers' institute will be held in the Chester chapel during the last of the month. County Superintendent Allison has about completed the program which will last probably two days.

Why the Electric Lights Were Not Turned on Until Late Last Evening.

Much complaint was heard last night because the incandescent and arc lights were not turned on until 7 o'clock. The company informs the NEWS REVIEW that the delay in turning on the lights was not due to any fault of theirs, but was caused by the prevailing coal famine. Coal has now been secured and the company hopes the delay will not recur.

THAT FIGHT.

Claimed Lemmons Should Have Been Given the Decision.

EAST LIVERPOOL, O., FRIDAY, OCT. 6.

SALEM has an oyster famine. Probably the result of the bar banquet to-night.

WELLSVILLE police are busy suppressing football on the streets. The next move will be to keep cows off the sidewalks.

THE village of Sebring isn't missing anything. The residents are preparing for a rousing Republican rally there during the campaign.

FOR an inland town there is more interest in the yacht races in East Liverpool than in most cities twice its size outside New York state.

IF the Boers and British keep moving around much more on the Natal frontier they may accidentally run into each other and have to fight.

THE caving in of that coal mine under Salineville has put that village so deeply in the hole that it is doubtful if it can raise \$4,000 for a new water supply.

CHICAGO thinks New York isn't much of a place for a yacht race anyway. If the yachts will race in the Chicago river the Windy city will guarantee all the breeze needed.

THEY evidently had pretty tall potters around Akron in the olden times. Explorers have just unearthed an eight-foot human skeleton and several pieces of ancient pottery in a cave near there.

THE Lisbon Patriot says "The best way to get at the top is to begin at the bottom and then just turn things upside down." This is the best definition of Democratic policy ever put forward by the Patriot.

AS TO TAXATION.

The tax levy in this county, affecting the corporation of East Liverpool, shows some interesting figures. The state tax is 2.84 mills on each dollar all over the county. The county fund tax is 2 mills; the poor fund half a mill; the children's home fund .44; the bridge and road improvement fund, a mill and a half; the building fund, .35; the soldiers' relief fund, .15; the interest and bond redemption fund, .15; the bridge restoration fund, .07; making a total of state and county tax of eight mills. The school district tax is 11.80 mills; the corporation fund or city tax is 12 mills. This makes a total tax of 31.80 mills for the year on every dollar of the valuation in this city.

Here Next Week.

AMONGST the many organizations to appear before East Liverpool theater goers this season one of the best and most popular will be the Elmer E. Vance company who produce for the first time at popular prices such well known successes as the "Limited Mail," "Patent Applied For," "The Hidden Hand" and "Queen of the Circus." The two first plays will be favorably remembered and all of the original settings will be used at cheap prices and eight new and elaborate sets of scenery are used to produce the "Hidden Hand and "Queen of the Circus."

THE SAME OLD REPORT

With a Few Trimmings Sent In by the Grand Jury.

THE LIST OF INDICTMENTS

Report Says Lisbon Jail Must Have Something Done to It--Also That Magistrates Do Not Exercise Sufficient Care in Sending Up Cases for Their Consideration.

LISBON, Oct. 6--[Special]--The grand jury made their report at 11:20 o'clock, and in their report of the condition of the county jail they commended Sheriff Gill and his assistants for their care, but deem the jail inadequate to accommodate the growing criminal population. They also think the jail is unhealthy and extremely dangerous to the health of Sheriff Gill and the prisoners.

The following is a report on questions which do not usually come before grand juries. The report is as follows:

"We recommend the commissioners of the county to take immediate steps to make the jail more secure as recent attempts at jail delivery have demonstrated the necessity of prompt action.

"We have considered a number of cases of petty criminal matters which we unanimously believe should not be passed on by this body. This has been done at considerable expense. We recommend that justices and mayors scrutinize these unimportant cases with more care and dispose of more of them in their own courts, as we believe they should do by hearing the evidence of the state even when the defense waives a hearing and consents to be bound over. We have had 88 cases presented for our consideration, found 74 indictments and ignored 14 and examined 146 witnesses."

MADE PUBLIC.

The Work of the Grand Jury That Is Now Given Out.

The indictments made public are as follows:

Anthony Smith and Thomas Nolan, East Liverpool, attempting to break and enter the storeroom of Alfred Peterson in night season.

Newton Croxall and Avery Rambo, East Liverpool, robbery.

William Smith, East Liverpool, assault and battery on Jessie Shamp.

John H. Shumaker, East Liverpool practicing dentistry illegally.

Sherman Reed, East Liverpool, assault on William Rawlins.

David Watson, pointing firearms without malice.

Anna Clark, Wellsville, bigamy.

Ollie Ronkesley, Lisbon, indecent exposure of person.

Forest M. Guy, Wellsville, perjury.

Joseph Johnson, Salineville, stabbing

Richard Bolton with intent to wound and kill.

Missing Brother of Bertha Beilstein, the Allegheny Murderess, Reported.

The notorious Beilstein case which shocked Allegheny a year ago when Bertha Beilstein murdered her mother and attempted suicide was recalled today when the announcement that her brother, J. Frederick Beilstein, who has been missing from his home in Allegheny for some time, had been seen in this city. The murder of Mrs. Beilstein was attended by a series of fatalities. An old man who made his home with the family wandered away the morning of the murder and was found dead on the railroad tracks. Bertha's brother, Edward, committed suicide on his mother's grave. Bertha was acquitted on the ground of emotional insanity and was committed to Dixmount. Recently her remaining brother, Fred, left home and was reported missing.

Beilstein was last seen at his home, 222 Spring Garden avenue, Allegheny, on September 24. Mrs. Catherine Dauer, his mother-in-law, said that she thought he had only gone away until his financial troubles are settled. By some of his acquaintances it is thought that Beilstein is at Parkersburg, W. Va.

Henry Dake, of Allegheny, was in East Liverpool on September 26, and while there he states he saw Beilstein standing in the doorway of a grocery and produce store.

CEN. THOMAS COUNCIL

Held an Oyster Social Last Evening and Had a Most Enjoyable Time.

General George H. Thomas council, No. 8, O. U. A. M., is having a prosperous season. At the regular meeting last evening the reports of the different officers were received, which showed the council to be in a healthy condition. After the regular order of business a social was held, at which oysters and the necessary refreshments were served by an experienced cook, and a portion of the evening was spent in relating reminiscences of bygone days, some of which were very amusing, but rough on the victims of the boys of those early days of East Liverpool. Those absent from the meeting missed a pleasant time.

PROHIBITION TICKET

Will be Put on the Ballot With the Aid of 8,000 Petitioners.

State Chairman Ashenurst, of Columbus, has written to Mayor C. F. Bough stating that the Prohibition ticket will appear as usual on the Ohio ballot this fall, the nominations being made by a petition signed by 8,000 voters. Of these 415 came from Columbiana county.

The county committee will meet in this city next week to reorganize by electing a chairman in place of J. L. Swan, of Wellsville, who has removed to Canton. At this meeting preparations will be made for the campaign.

Aten's Candidacy.

George B. Aten, of Wellsville, nominated by the Democrats for state senator, is known to a number of Alliance people, and is conceded to be a very inoffensive man. There is no danger, of course, of his being elected--Alliance Review.

OVER A TECHNICALITY.

Attorneys For Wellsville and Bell Company Fighting It Out at Lisbon.

LISBON, Oct. 6--[Special]--The arguments upon the petition for the removal of the Wellsville telephone case to the United States circuit court at Cleveland began at 9:45 this morning. The question argued is whether simply filing a petition for a removal of the case and alleging sufficient facts for the removal, of itself and by virtue of the allegations removes the case.

The city of Wellsville contends that it has the right to answer and deny the allegations, and that the company must

show that the allegations in its petition are facts by sufficient evidence. The company insists that all that is necessary is for it to file a proper bond. This seems to be what has been done in the past in all cases, but whether the law is different remains to be seen by the decision of the court.

Troubles Increasing.

Owing to the different snags struck by the promoters of the street railway extension, in council and out of it, it is not believed that any work will be done on the line this winter. The difficulties instead of being removed seem to have become more numerous.

CURTIS WON THE GAME

Entre Nous Team Defeated by the Wellsville Pirates

BY A SCORE OF 17 TO 5

The Liverpool Boys Were Much Superior In Team Work, but Curtis Was a Whole Eleven In Himself and Made All the Touchdowns but One—The Lineup.

The football game yesterday afternoon between the Entre Nous team and the Wellsville Pirates was won by the Wellsville club by a score of 17 to 5.

The local team played a good game and their team work was much superior to that of the Pirates. The game was won for Wellsville by Curtis, late of the Wheeling tigers. He formed all their interference and made their tackles and all but one of their touchdowns.

In the first half the first touchdown was made by Wellsville on a fluke, the East Liverpool boys engaging in a dispute with the referee, claiming that the ball should have been given them on downs. While the dispute was in progress and over half the Liverpool boys were kicking to the referee Wellsville put the ball in play. Daugherty made a touchdown.

Liverpool also scored a touchdown in this half on a fumble by Louthan, their own quarter back. Little got the ball, ran the entire length of the field for a touchdown but they failed to kick goal: The half ended with a score of 6 to 5 in favor of Wellsville.

In the second half Wellsville scored two more touchdowns, both of them being made by Curtis. The first was made a few minutes after play started when Curtis got the ball and went around the right end, going through the spectators so that it was impossible for the Liverpool people to tackle him. There was a lengthy kick about this. The claim was made that he was out of bounds, but after it was looked up it was found that the spectators were on the football field.

The second touchdown was made about the middle of the half by Curtis, who again went around the end for a long run and a touchdown. This time he kicked goal.

The teams lined up as follows:

ONE DOLLAR LESS

Than the Even \$2,000 Will Compensate Russell White For His Damages.

LISBON, Oct. 6.—[Special]—Russell White, of Washington township, has brought suit against the Pennsylvania railroad. He alleges that he was in the employ of the Ohio and Pennsylvania company and a part of his duties was to run cars from the main track of the Cleveland and Pennsylvania railroad down the switch to the coal company's tipple. The grade of the switch is downward from the main track and the switch has nothing at the further end to stop the cars, and unless the cars are stopped by the brake they will be precipitated into a creek below a distance of 10 feet.

July 14 last White attempted to let a car down to the tipple, but the brakes on the car would not work. It started down at a high rate of speed, and he, being unable to stop it and fearing a fall into the creek below, jumped from the car. In alighting he injured his foot so that he has since been unable to follow his usual avocation. He asks for \$1,999.

AND EVERY ONE OF THEM

Wants a Copy of the New Expansion Atlas, Published by Rand McNally, and Now Being Given Away by the News Review—Read What It Is Like—Call and See It.

The News Review has just closed a contract with Rand, McNally & Co., of Chicago, the famous map publishers, for the EXCLUSIVE sale and distribution of the new Rand McNally Expansion Atlas

In this city and vicinity.

This is the revised edition and is right up to date. It contains general maps covering every part of the world, complete and accurate, but its special interest is found in the new maps and descriptive matter pertaining to the

New American Colonies,

The Philippines, Hawaii, Porto Rico, Cuba, Manila and vicinity, including a chronology of all the important events of the Spanish-American war.

The Dewey Souvenir,

A handsomely engraved colored plate, containing excellent portraits of Admirals Dewey and Farragut and the American naval commanders in the Orient, forms the frontispiece of the book. In the center is a beautiful picture in colors of the Battle of Manila Bay, showing the position of each of the American and Spanish vessels and the scenery of the bay, drawn from official descriptions.

Photographs

Of the leading American war ships and portraits of all the presidents are also shown. All the maps are fully and completely indexed so that it is possible in a moment to find any place desired. Population, area and other interesting information is given briefly and accurately up to date.

The map showing how the United States have expanded since the foundation of this government is one of the most valuable features of the book, as it shows

The History of Expansion

at a glance.

The News Review proposes to GIVE AWAY one copy of the Expansion Atlas to each new subscriber who pays in advance
